CALVERT ACADEMY™

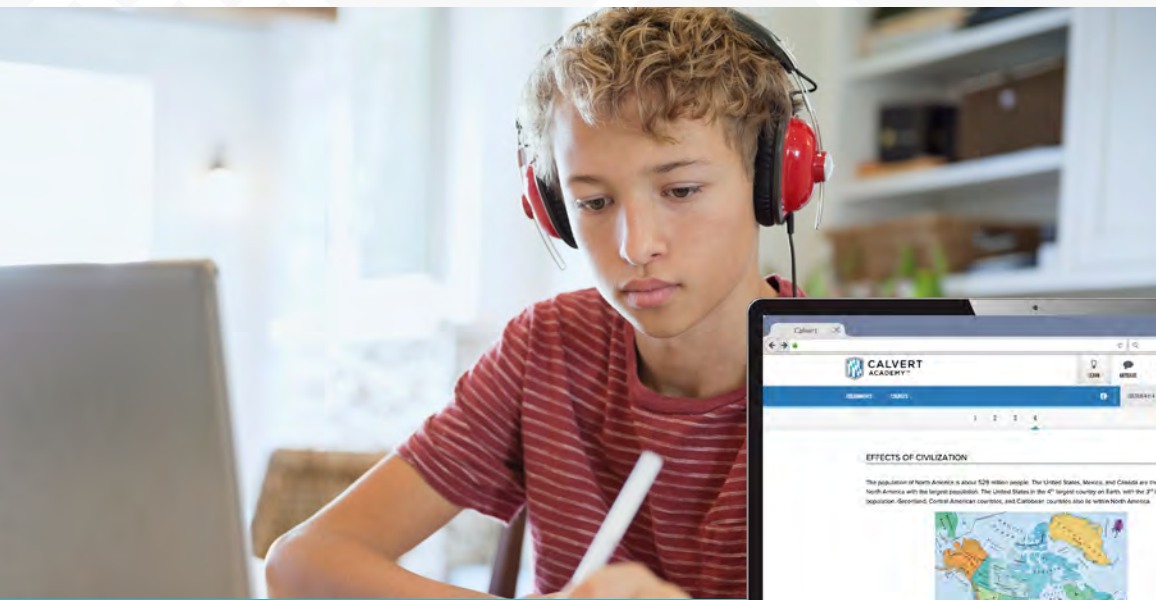

Escape the limitations of a traditional classroom and see how online learning can be a fun, personal journey of discovery.

With Calvert, you can keep the flexibility of a homeschool lifestyle while experiencing a customized education with the peace of mind that comes with enrolling in a private school.

Join K-12 students across the U.S. and around the globe at Calvert Academy and take the next step toward becoming the best version of you today.

✓ Accredited Education

Like a stamp of excellence, our accreditation means you are receiving rigorous academics and the highest quality education possible. Our students aim high. That's why we're not surprised that Calvert Academy graduates are going from our online academy to the hallways of the best colleges and universities in the nation and the world.

? HOW DOES ACCREDITATION HELP MY CHILD?

While your acceptance into college ultimately depends on each college's admission process and your overall qualifications, Calvert's accredited diploma ensures that your achievements come from an institution that has been formally recognized for its programs, practices, and rigor.

Teacher Support

Calvert Academy teachers are here for you. Our experienced educators specialize in online learning, encouraging student achievement through messaging, online classrooms, phone calls, and one-on-one collaborative sessions that allow students to learn visually. Our teachers talk directly with you, so you can be confident and assured that you are mastering lesson content.

24/7 Online Tutoring

Calvert Academy partners with TutorMe to provide 24/7 on-demand online tutoring to students in grades 5-12. We connect students with highly qualified expert tutors for one-on-one support in 300+ subjects whenever and wherever they need it the most.

HOW DOES AN ONLINE SCHOOL WORK?

When you enroll at Calvert Academy, you'll receive an individualized learning plan based on your personal goals, current academic standing, and preferred style of learning. A personalized academic support team of teachers, advisors, and counselors also ensures a strong foundation for achievement. In addition, you can communicate one-on-one with your teachers, and you have access to lessons any time of the day.

K-12 Courses

With engaging and beautiful print courses that create a strong academic foundation for K-2 students and an interactive, online program for grades 3-12, Calvert Academy offers academically rigorous courses that prepare you for lifelong learning. Accessible anywhere around the clock, Calvert's online curriculum is full of interactive, media-rich content that promotes academic exploration and creative discovery.

MY DAUGHTER ISN'T BEING TOLD TO JUST MEMORIZE SOMETHING AND TAKE A TEST. SHE IS LEARNING AND RETAINING THE MATERIAL THROUGH ALL THE HANDS-ON ACTIVITIES AND PROJECTS.

Dual Credit Enrollment

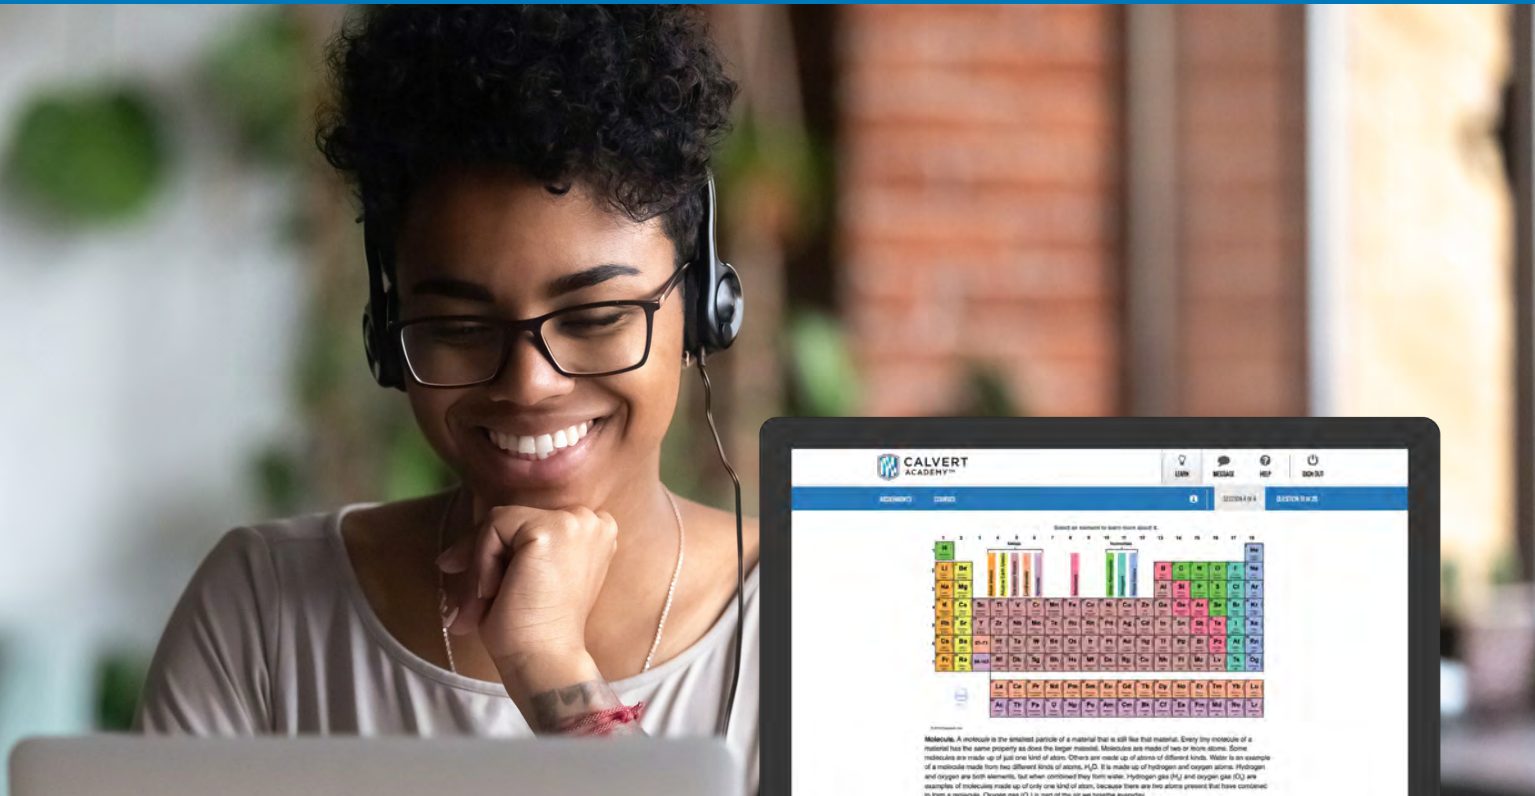

Through Calvert Academy's Dual Credit Program, students have the unique opportunity to earn both high school and college credit at the same time. Calvert students can choose from general college-level courses, like English Composition, and take one or two college credit courses per semester at a fraction of the cost of attending a college in person. Dual-credit enrollment is through a regionally accredited university so credits earned are reliably transferable upon completion.
