Choose Your Learning Option

Self-Paced Mastery Learning

Based on a building block approach, students work independently at their own pace to master the content and skills found in one unit before progressing to new material.

Online Option

Monarch is a complete online homeschool curriculum for grades 3-12 with subscription plans that grant individuals or families access to 50 courses across grade levels.

See p. 14

Digital Option

A comprehensive curriculum available on USB flash drive, SOS offers learning for grades 3-12 with animation, video clips, and multimedia.

See p. 34

Print Option

Combining textbook and workbook lessons into "worktext" units, LIFE-PAC is a curriculum for grades K-12 that promotes critical thinking skills and independent study.

See p. 44

Teacher-Directed Learning

Based on either a traditional classroom learning setting or a family-centered group learning experience, these homeschooling methods allow parents to actively teach the content through the assistance of teacher's guides.

Print Option Spiral Learning

Horizons is a brightly illustrated, engaging workbook curriculum filled with lessons and hands-on activities that use the spiral learning process of introduction, review, and reinforcement.

See p. 74

Print Option Unit Study

A traditional unit study curriculum for grades K-12, Weaver is a family-based curriculum that offers a topical approach to simultaneously teach students of multiple ages.

See p. 92

Private Christian Education

Offering significant savings over traditional private schooling and the assurance of accreditation, Ignite Christian Academy is an online Christian school for grades K-12 starting at just \$229/month.

From single course enrollment to full-time enrollment culminating in a high school diploma, Ignite Academy supports your family through a committed team of qualified teachers.

See p. 10

Quick Comparison Checklist

? Mastery Learning

Based on a building block approach, students master the content and skills found in one unit before progressing to the next.

? Spiral Learning

Smooth, fast, and effective, this method allows students to master concepts through the process of introduction, review, and reinforcement.

? Unit Study

To help students retain information, this hands-on, activity-based technique encourages learning by using as many senses as possible.

FIND THE PERFECT OPTION for your homeschool family's needs. Whether you're looking for print or computer-based learning offerings, parent-led or student-directed lessons, or content that appeals to your child's learning style, AOP's quick comparison checklist makes finding the right homeschooling resources easy. To get started, simply browse the category options listed at the top of the color-coded chart to see which selections meet your criteria.

IGNITE CHRISTIAN ACADEMY

PRIVATE CHRISTIAN EDUCATION
FROM **\$229 PER MONTH**

Set your student in motion on an academic path that helps him reach goals, develop strengths, and consider possibilities for the future. At Ignite Christian Academy, students from kindergarten through 12th grade complete rigorous coursework while enjoying the convenience of online courses, a personalized schedule, and one-on-one support by qualified teachers and staff. Our school, formerly named Alpha Omega Academy, exists to educate and inspire all learners to reach their potential and ignite a passion to impact the world for the sake of God's glory.

Enroll in the best online Christian school.

Academics

Accredited regionally by NCA CASI and SACS CASI and internationally by ACSI, Ignite Academy offers courses approved by the NCAA Eligibility Center.

With live one-on-one access to qualified teachers that go above and beyond, your child will have the support needed to excel.

Student Community

With a community of students all over the world, Ignite Academy offers students the chance to connect with classmates through the Student Center, a social platform only for Ignite Christian Academy students and monitored by Ignite Christian Academy faculty.

Students also are able to connect to teachers and pursue extracurricular passions by joining clubs like the online magazine or cooking club.

Customization

Whether you are looking to supplement your homeschooling with one high school course or you need a full load of classes, Ignite Christian Academy's education specialists are available to customize your child's plan to fit your needs.

Recordkeeping

Ignite Christian Academy staff completes grading and recordkeeping, so you can focus on what's important. All Ignite Christian Academy students receive transcript services, while graduating students are awarded an official high school diploma.

Why do parents love our online academy?

“This was a lifesaver for my family! I could spend more time teaching my little ones, knowing the older ones were getting a good education. There are so many avenues to get help if it’s needed. The counselors are always there if you have a question!”

Amanda S.

“We are so pleased with how our son has done with his school! The teachers and advisors have been great to work with, and he looks forward to getting his work done at his own pace!”

Jennifer H.

“I needed a program that would work for my son and his personal needs. We began to experiment with different homeschool programs, but they were not the right fit for him. It wasn’t until we found this school that we truly felt we found the perfect match.”

Rodney P.

“We have been with you since the 1st grade and have just started our 9th-grade year. Our son is autistic, and you all have gone above and beyond to accommodate our son’s specific needs regarding his education. The teachers, counselors, and staff are outstanding.”

Dona W.

“

Invest in your child's future.

 monarch™
BIBLE

MONARCH BIBLE offers a complete, online study of the Old and New Testaments. Developing a firm biblical worldview, this Christian homeschool curriculum for grades 3–12 outlines how scriptural concepts apply to all academic areas and explains practical Christian living. Using verses from the King James Version, these Bible lessons cover seven major themes, including theology, the attributes of God, biblical literature, biblical background, Christian growth, Christian evidences, and special themes.

Monarch Old Testament Survey

Monarch 7th Grade Bible

 **3rd Grade**
In Monarch 3rd Grade Bible, students are introduced to the fundamentals of the Bible and Christianity with eye-catching

illustrations and timeless topics. This course is packed with background information to teach students verse memorization, the books of the Bible, and Christ's life story. Students develop an understanding of biblical principles through the study of Joseph, Abraham, Paul, and the Bible's writers.

Introduction to the Bible		
MON300B	3rd Grade Bible	\$99.95

“Having Christian curriculum with the flexibility of accessing it anywhere with the Internet is a huge advantage for homeschool families like ours. Making learning more engaging for the student using current brain research and technology is a must in this ever-changing world.”
- Vickie B., South Carolina

 **4th Grade**
Monarch 4th Grade Bible challenges students to grow academically and spiritually as it teaches the importance of living for God. Students discover the amazing rewards and benefits of living a God-centered life in this engaging and interactive course. Christ-centered content explores salvation, praying for others, biblical geography, witnessing, and studies on Saul, David, and Daniel.

Christian Discipleship		
MON400B	4th Grade Bible	\$99.95

 **5th Grade**
Monarch 5th Grade Bible defines and clarifies God's magnificent power and presence as students study God's greatness and gifts. Rewarding and encouraging, this course covers Paul's missionary journeys and biblical characters who lived for God. Students also strengthen their beliefs by studying the reasons for angels, how to be a Christian in the world, eternity, heaven, God's judgment and authority, and the need for government.

Christian Basics I		
MON500B	5th Grade Bible	\$99.95

 **6th Grade**
In Monarch 6th Grade Bible, students dive into the world of the Bible and discover the wonderful acts of God by traveling the biblical timeline from creation to Revelation. Students learn about Jesus's ministry, His miracles, and His 12 disciples. Illuminating stories like the Ten Commandments, David and Goliath, and Daniel and the lions' den also capture their imaginations.

Bible Survey		
MON600B	6th Grade Bible	\$99.95

 **7th Grade**
Monarch 7th Grade Bible explores the life and events of Christ on Earth. Students gain valuable insights as they follow His astonishing actions of love. This course entertains as it explains the meaning of worship, mankind's sinful nature, and God's divinity. Other easy-to-grasp lessons include studying the purpose of Advent, how to live a balanced life, forms of worship, the Psalms, and Hebrew poetry.

Christian Basics II & Life of Christ		
MON700B	7th Grade Bible	\$99.95

 **8th Grade**
Monarch 8th Grade Bible explains the development of past and present churches. This course also points out the purpose of gathering together in Christ. Additional engaging exercises cover personal choices, family, sin, salvation, Proverbs, and God's eternity. Students gain illuminating insights into the purpose of worship and learn the Lord's Prayer. Added topics include martyrdom, early missionary journeys, and memory verses.

Practical Christianity & Church History		
MON800B	8th Grade Bible	\$99.95

 **New Testament Survey**
Monarch New Testament Survey presents a diverse study of the New Testament. Beginning in the Gospels, students gain concepts from colorful and purpose-driven assignments. Students get an intuitive look at the Bible by studying its writers and the sufferings of Christ. Packed with practicality, the assignments have students reflect on personal evangelism, examine God's will, and learn their unique gifts.

New Testament Survey		
MON900B	New Testament Survey	\$99.95

 **Old Testament Survey**
Monarch Old Testament Survey reviews the chronicles of Christianity. Students strengthen their Bible knowledge by re-examining stories and reiterating past lessons. This course gives students a firm foundation for Christ-centered living with engaging lessons that cover the lives of King Saul, David, Jeremiah, Ezekiel, Daniel, and Nehemiah, as well as the rebuilding of the temple and Jerusalem.

Old Testament Survey		
MON1000B	Old Testament Survey	\$99.95

 **Bible Doctrine**
Monarch Bible Doctrine examines the lives of Christians during the tumultuous period of the Roman Empire and the faithfulness of Christ's followers under persecution. This course teaches about the Roman church, the nation of Israel, the deity of Christ, and the formation of the Bible. This course also provides an in-depth study on practical topics like friendship, dating, and marriage.

Bible Doctrine		
MON1100B	Bible Doctrine	\$99.95

 **Christian Faith & Living**
With Monarch Christian Faith & Living, students learn more about themselves and the amazing difference they can make for Christ. Students glean from captivating lessons about the attributes of God, world religions, spiritual gifts, the life of Daniel, and practical Christian living. Additional topics like ministry options and biblical literature give students a solid foundation for their future.

Christian Faith & Living		
MON1200B	Christian Faith & Living	\$99.95

 monarch™
**HISTORY &
 GEOGRAPHY**

MONARCH HISTORY & GEOGRAPHY is an in-depth, online study that increases students' appreciation of God's activity through history as recorded between man and his relationships. This Christian homeschool curriculum for grades 3–12 encompasses six major strands, including geography, history, government, citizenship, economics, and social studies. Special topics like career preparation and finance management also are included.

Monarch 7th Grade History & Geography

Monarch 8th Grade History & Geography

 monarch™
LANGUAGE ARTS

MONARCH LANGUAGE ARTS is an integrated online program for grades 3–12 that weaves the English skills of reading, writing, listening, and speaking together throughout units. Elementary grades study English skills through an incorporated presentation, while middle and high school grades focus on skill development unit by unit. This Christian homeschool curriculum has six major content strands, including reading, writing, spelling, grammar, composition, and speaking and listening.

Monarch English I

Monarch 5th Grade Language Arts

FREE TRIAL
All Language Arts courses are included with the free trial of Monarch.
See p. 17.

 **4th Grade**
Monarch 4th Grade Language Arts builds students' understanding of English with captivating stories that are integrated into spelling and grammar lessons. Wonderful at introducing students to different literature forms, this course creates an environment where students learn in a progressive and innovative format. The lessons include root words, prefixes, suffixes, types of sentences, book reports, and poetry writing.

Word Study, Grammar Skills, & Composition		
MON400L	4th Grade Language Arts	\$99.95

 **5th Grade**
With Monarch 5th Grade Language Arts, students learn how Jesus used language to effectively communicate with others and why the world has different languages. Students can look forward to doing schoolwork with this course. Filled with nuggets of interactive information, this innovative curriculum covers poetry forms, reading comprehension, and working with words. The lifelong, important technique of integrating reading and study skills also is covered.

Literature, Poetry, & Reports		
MON500L	5th Grade Language Arts	\$99.95

 **6th Grade**
Along with reading, Monarch 6th Grade Language Arts teaches the lifelong skill of grammar usage. Watch your student grow in knowledge of the English language as the course studies sentence structure and form. Written communication also is taught with interesting lessons on newspapers and propaganda. In-depth studies of poetry structure and biblical literature, such as the parables, the Psalms, and Proverbs, capture students' imaginations and cultivate their memory retention.

Reading for a Purpose: Sentences & Poetry		
MON600L	6th Grade Language Arts	\$99.95

 **7th Grade**
Monarch 7th Grade Language Arts teaches students to speak and write in an effective and courteous way. Not only do students learn the technical structure of communication, but they also gain insights about what words should be used in certain situations. Colorful, comprehensive lessons on biographies, formal and informal English, and nonfiction literature also are taught. *The Hiding Place*, a World War II story of faith, is a required reader sold separately.

Composition & Literature		
MON700L	7th Grade Language Arts*	\$99.95

*The Hiding Place is a required reader sold separately. See p. 97 for more information.

 **8th Grade**
Monarch 8th Grade Language Arts reviews past lessons and reiterates important skills. Keep your student's grammar strong with this course that creates solid foundations for effective speaking and writing. Also, improve your student's understanding of language and literature, sentence coordination and subordination, and autobiographies. Students review basics like modifiers, oral reports, mood, and tense.

Speaking & Writing Skills		
MON800L	8th Grade Language Arts	\$99.95

 **English I**
Monarch English I provides a computer-enhanced learning curriculum perfect for teachers and students alike. Teachers can emphasize the importance of using words to build powerful sentences that correctly convey meaning, while students study comprehensive topics like drama, paragraphs, listening, visual aids, and reading to recognize patterns. *The Miracle Worker* is a required reader sold separately. *Twenty Thousand Leagues Under the Sea* is included as a PDF in unit 9.

English I		
MON900L	English I*	\$99.95

*The Miracle Worker is a required reader sold separately. Twenty Thousand Leagues Under the Sea is included as a PDF in unit 9. See p. 97 for more information.

 **3rd Grade**
With easy-to-teach Monarch 3rd Grade Language Arts, students learn basic grammar and phonics with step-by-step spelling lessons. This easy-to-grasp course interweaves literary content into the lessons, so students can begin to understand structure and composition. Students start learning about poetry forms and composition with book reports and projects. Using reference materials, students also learn to write thank-you letters, friendly letters, and essays with paragraphs.

Reading & Sentence Building		
MON300L	3rd Grade Language Arts	\$99.95

 **English II**
Build your student's imagination with Monarch English II. This course is full of captivating stories that teach long-lasting lessons relevant to students. Focusing on different literary genres, students learn about the short story, the novel and novelists, drama development, and the meaning of poetry. Attention-grabbing short stories like "The Lady, or the Tiger?" and "The Celebrated Jumping Frog of Calaveras County" also are covered. *In His Steps* is included as a PDF in unit 7.

English II		
MONI000L	English II*	\$99.95

*In His Steps is included as a PDF in unit 7. See p. 97 for more information.

 **English III**
While reviewing in-depth grammar rules, Monarch English III teaches essential uses and varieties of the English language. This course studies grammar topics like non-standard English, clauses, phrases, verbals, participles, and conjunctions. Students also explore drama and the American novel. Thornton Wilder's play *Our Town* and Harper Lee's *To Kill a Mockingbird* are required readers sold separately. An excerpt from Corrie ten Boom's *The Hiding Place* also is studied.

English III		
MONI100L	English III*	\$99.95

*Our Town & To Kill a Mockingbird are required readers sold separately. See p. 97 for more information.

 **English IV**
Monarch English IV focuses on British authors and their written works. Students study cultivating and illuminating literature like *Beowulf*, Geoffrey Chaucer's *The Canterbury Tales*, *Paradise Lost* by John Milton, and *Hamlet*. This advanced course dives into a diverse array of inspiring poems and sonnets by Shakespeare, Tennyson, and others. Literary genres and creative writing techniques also are taught in this fun-filled course. *Hamlet* is included as a PDF in unit 6.

MONI200L	English IV	\$99.95

*Hamlet is included as a PDF in unit 6. See p. 97 for more information.

monarch[™] MATH

MONARCH MATH is an online Christian homeschool curriculum that trains students in grades 3–12 to successfully use mathematics in real-life situations. Major content strands developed at all grade levels include number skills, geometry, algebra, data analysis, and probability. Monarch Math uses mastery learning techniques to build upon previously taught concepts and promote independent cognitive reasoning.

Monarch Pre-Calculus

Monarch 5th Grade Math

FREE TRIAL

All Math courses are included with the free trial of Monarch.

See p. 17.

4th Grade

Monarch 4th Grade Math is packed with helpful information that offers students a unique and thorough examination of arithmetic fundamentals.

Students study essential information, such as Roman numerals, plane and solid shapes, decimals, and fractions. This fun and motivating course also contains easy-to-grasp answers for challenging math concepts like factors, multiples, expressions, and missing number problems.

5th Grade

Reinforce your student's number skills, numerical literacy, and geometric concepts with Monarch 5th Grade Math. Packed with multimedia tools like video clips, audio feedback, and educational games, this exciting curriculum helps students gain more experience with whole number operations, addition and subtraction of fractions, and decimal place value. In addition, students also are introduced to algebraic, statistical, and probability concepts.

6th Grade

Students discover the amazing order of math with Monarch 6th Grade Math. Filled with colorful lessons, this curriculum ensures comprehension and retention.

Students learn to recognize geometric shapes, find percentages, calculate equations, graph functions, and more. This course also explores data analysis, including median, mode, and range. This curriculum offers both flexibility and convenience for easily changing lesson schedules.

Fractions & Division		
MON400M	4th Grade Math	\$99.95

Numerical Literacy & Geometric Concepts		
MON500M	5th Grade Math	\$99.95

Fractions, Decimals, & Measurements		
MON600M	6th Grade Math	\$99.95

7th Grade

Prepare your student for pre-algebra and other advanced mathematical concepts with Monarch 7th Grade Math. This course uses an interactive, multimedia-rich format to make learning math fun. Engaging lessons expand previous math concepts at higher skill levels with real-world applications. This course presents ratios, proportions, probability, graphing, geometry, and data analysis, including stem-and-leaf plots, histograms, and other graphical means.

8th Grade

Get students ready for algebra with Monarch 8th Grade Math. Offering multimedia-rich, easy-to-follow lessons that explain basic algebraic fundamentals, this course is ideal for junior high students. Topics covered include problem solving, integers, equations, graphing, inequalities, proportions, angles, geometry, probability, rational numbers, and more.

Algebra I

Introduce high school students to algebra with Monarch Algebra I. Grounding students in the fundamentals, this detailed course builds the ability to understand and confidently perform algebraic exercises. This step-by-step course clearly explains advanced math concepts like equations, functions, inequalities, and radical expressions. Graphing, special projects, and multimedia tools like videos and games also are added to promote retention.

Integers, Ratios, & Basic Geometry		
MON700M	7th Grade Math	\$99.95

Pre-Algebra		
MON800M	8th Grade Math	\$99.95

Algebra I		
MON900M	Algebra I	\$99.95

3rd Grade

Dive into Monarch 3rd Grade Math and make math easier and more fun. Give your student positive encouragement and colorful lessons that build confidence. Packed with comprehensive topics, this course introduces students to fractions, graphs, probability, decimals, and story problems. Great at teaching the basics, this course builds firm foundations for understanding future math concepts with engaging illustrations and attention-grabbing content.

Whole Numbers & Fractions		
MON300M	3rd Grade Math	\$99.95

Geometry

Monarch Geometry gives students a solid foundation in the exploration of the amazing shapes God created. Students study shapes and focus on the deeper dimensions of their real-world use and purpose. This rewarding course offers an individual-based, step-by-step learning system that covers topics like congruent triangles, quadrilaterals, similar polygons, circles, parallels, and more.

Geometry		
MON1000M	Geometry	\$99.95

Algebra II

Monarch Algebra II simplifies advanced algebra. Students grasp tough lessons with this award-winning curriculum that breaks down questions for easier understanding. Exciting lessons cover exponential functions, counting principles, linear equations, quadratic relations, real numbers, and other algebraic concepts. This user-friendly, multimedia-rich course helps students understand concepts and gain confidence in math.

Algebra II		
MON1100M	Algebra II	\$99.95

Pre-Calculus

This challenging course conquers anxiety with easy-to-understand instructions and visually appealing lessons. Students grasp calculus operations as they study inverse trigonometric functions, polar coordinates, quadratic equations, and probability. Because this course builds a solid understanding of calculus, it is a great preparatory course for college math classes.

Pre-Calculus		
MON1200M	Pre-Calculus	\$99.95

monarch[™] SCIENCE

MONARCH SCIENCE is an interactive online program for grades 3–12 that focuses on explaining the physical universe God created, while developing students' observation skills. The elementary and middle school grades present each area of science in an independent survey basis, while high school grades focus on a specific area of science, such as biology, chemistry, and physics. The four major strands flowing throughout this Christian homeschool curriculum are life science, Earth and space science, physical science, and the nature of science.

Monarch Chemistry

Monarch 3rd Grade Science

3rd Grade
Explore God's amazing world with Monarch 3rd Grade Science. This flexible course offers dynamic, media-rich lessons on body systems, plants, animals, matter, and sounds. Internet-based content includes innovative learning games, hands-on experiments, and video clips to make lessons fun. This Bible-based course also introduces sound, time and seasons, rocks and their changes, and heat energy. Plus, this convenient course is accessible anywhere 24/7.*

Plants & Animals / Energy		
MON300S	3rd Grade Science	\$99.95

*See p. 98 for a science lab kit covering experiments in this course.

4th Grade
Discover God's creation with the web-based Monarch 4th Grade Science. Great for interactive learners, this online course includes vibrant lessons that cover plants, animals, electricity, water, and weather. Available 24/7, this innovative course also offers video clips, experiments, and learning games for a multidimensional learning approach. Additional topics include the solar system, the universe, and planet Earth.*

Changes in Matter, the Solar System, & Earth		
MON400S	4th Grade Science	\$99.95

*See p. 98 for a science lab kit covering experiments in this course.

General Science I
Monarch General Science I gives students a fun and functional science education about Earth and scientists. This Bible-based course also covers terrestrial topics in an eye-engaging, interactive format that takes the chore out of explaining scientific terms. Students love studying the weather, as well as the human body and its interesting and intricate systems. Additional topics covered are perception, measurement, graphs, and more.

General Science I		
MON700S	General Science I	\$99.95

Biology
Discover a new way to look at the structure of life with Monarch Biology. Using cutting-edge technology, this course's motivating and innovative lessons are flexible, convenient, and content-refined. This course gives students a new understanding of God's astonishing system of renewal and growth. Human anatomy, physiology, genetics, chromosomes, ecology, and cell reproduction also are covered. Parents love this easy-to-use curriculum that has flexible lesson planning.*

Biology		
MON1000S	Biology	\$99.95

*See p. 98 for a science lab kit covering experiments in this course.

5th Grade
Dig into science with Monarch 5th Grade Science. Enriched with multimedia elements, this online course offers engaging, Bible-based lessons on cells, animal and plant life cycles, rocks, and fossils. Refreshingly fun and vibrant, this course is packed with hands-on games, clickable videos, slide shows, and interactive experiments. This state-of-the-art curriculum takes homeschooling to new heights with multidimensional learning activities.*

Life Cycles: Balance in Nature		
MON500S	5th Grade Science	\$99.95

*See p. 98 for a science lab kit covering experiments in this course.

General Science II
Put your student's imaginative wheels in motion with the engaging Monarch General Science II. This course helps students understand the fundamentals of science, atoms, molecules, and elements. Packed with useful facts, this innovative course also studies society's involvement in science, health and nutrition, and details behind motion and friction. Students also love the fun-filled experiments that demonstrate exciting scientific concepts.*

General Science II		
MON800S	General Science II	\$99.95

*See p. 98 for a science lab kit covering experiments in this course.

Chemistry
Monarch Chemistry takes the guesswork and mystery out of understanding more advanced chemistry procedures. Filled with clear explanations, this course gives students capability without complexity. This course covers estimation, measurements, carbon chemistry, equilibrium systems, the periodic table of elements, atomic structure, and more. Stimulating experiments also teach students important chemistry concepts and keep their undivided attention.*

Chemistry		
MON1100S	Chemistry	\$99.95

*See p. 98 for a science lab kit covering experiments in this course.

FREE TRIAL
All Science courses are included with the free trial of Monarch.
See p. 17.

6th Grade
Students discover the spectacular vacuum of space and Earth's role within our solar system with Monarch 6th Grade Science, as they explore the grandeur and vastness of space, the unique planets, and the never-ending cosmos. By learning about our intricate, interrelated solar system, students' imaginations take off and gravitate toward topics like molecular genetics, animal and plant systems, physics, and chemistry.*

Plants & Animal Behavior / Molecular Genetics		
MON600S	6th Grade Science	\$99.95

*See p. 98 for a science lab kit covering experiments in this course.

Integrated Physics & Chemistry
Give students an understanding of physical science fundamentals with Monarch Integrated Physics & Chemistry. This computer-based course helps students observe the world around them with lessons on matter and changes in matter, motion and forces, energy and energy transfers, waves, electricity, and magnetism. Fun and informative lessons include hands-on experiments, colorful graphics, and engaging multimedia tools.*

Integrated Physics & Chemistry		
MON900S	Integrated Physics & Chemistry	\$99.95

*See p. 98 for a science lab kit covering experiments in this course.

Physics
Charge up your science lessons with Monarch Physics. Interesting lessons are written clearly, so students can learn relevant information easily. Packed with fascinating facts, this course sparks students' imaginations and expands their scientific understanding. This engaging course covers static electricity, magnetism, and atomic and nuclear physics. This all-inclusive course is a great investment for teaching your student physics.*

Physics		
MON1200S	Physics	\$99.95

*See p. 98 for a science lab kit covering experiments in this course.

monarch™ ELECTIVES

MONARCH ELECTIVES allow students to explore subjects that pique their interest, deepen their knowledge, and create a more well-rounded education. Available for students in grades 4–12, Monarch electives offer a concentrated focus in specific disciplines. Choose from subjects that include world languages, history, literature, math, science, geography, health, civics, career courses, and more.

Monarch Earth Science

British Literature

With Monarch British Literature, students explore the dynamic, rich world of British literature. This one-semester course for grades 11–12 gives students an in-depth look at the beginning and development of written works in Great Britain. Filled with works from acclaimed British writers, this course is a perfect supplement to the Monarch Language Arts curriculum. Monumental writers included are William Shakespeare, Lord Alfred Tennyson, and Robert Browning. ①

British Literature		
MONBL	British Literature	\$49.95

American Literature

Packed with enriching content, this course gives students a clear look at the beginning and development of written works in America. This one-semester course for grades 11–12 covers a variety of periods. Filled with works from renowned American writers, this course is a perfect supplement to the Monarch Language Arts curriculum. Writers included are Walt Whitman, Edgar Allan Poe, Emily Dickinson, Mark Twain, and more. *Our Town* is a required reader sold separately. ①

American Literature		
MONAM	American Literature*	\$49.95

*Our Town is a required reader sold separately. See p. 97 for more information.

Essentials of Communication

Monarch Essentials of Communication shows students how to interact effectively in today's world, including fulfilling social obligations and understanding others. This speech elective for grades 9–12 covers the fundamentals of communication for successful interaction in social and professional settings. Perfect for developing public speaking abilities, this course builds this lifelong skill by examining communication, relationships, group dynamics, and public messages. The steps of a successful presentation also are explained. ①

Essentials of Communication		
MONEC	Essentials of Communication	\$49.95

Earth Science

Uncover the features of God's amazing world with Monarch Earth Science. Digging into interactive, online lessons, students learn about Earth's formation, structure, interacting systems, and its place within the universe. Made for grades 8–12, this ten-unit elective is packed with fun topics like volcanoes, rocks, minerals, weather, the water cycle, and the solar system. The lessons also include knowledge-building projects and learning activities. ②

Earth Science		
MONES	Earth Science	\$99.95

General Science III

Build your student's understanding of basic science topics with Monarch General Science III. Offering a comprehensive overview for grades 9–12, this ten-unit elective lets students tap deeper into the world of physics with interactive lessons. Students learn key scientific concepts in a fresh approach that fine-tunes their grasp of physics and body health. Additional topics include oceanography, astronomy, and the future of science. ②

General Science III		
MONGSIII	General Science III	\$99.95

Consumer Math

High school students learn important money management skills with Monarch Consumer Math. Packed with lifelong practicality, this ten-unit course teaches students to plan and organize personal finances. Interactive lessons review basic math concepts and teach students to examine loans and credit cards. Useful topics like taxes, insurance, and retirement also are discussed. This course is appropriate for students who have completed Algebra I and Geometry. ②

Consumer Math		
MONCM	Consumer Math	\$99.95

Essentials of Math

Brush up your student's basic math skills with Monarch Essentials of Math. An all-around refresher course, this seven-unit elective is perfect for reinforcing fundamental math concepts. This course's lessons cover topics like algebra, geometry, statistics, measurements, and number review. Ensuring a solid math foundation, this elective for grades 8–12 offers additional practice for remedial work or advanced learners. Fun learning games also are included. ①

Essentials of Math		
MONEM	Essentials of Math	\$49.95

Personal Financial Literacy

Teach your student to take responsibility for his personal finances with this semester-long elective for grades 9–12. Packed with interactive lessons that make learning fun, this curriculum covers today's money topics, such as finding and evaluating financial information, managing a checking account and online banking, and investment planning, along with exploring and choosing different career paths. Quizzes, tests, and hands-on learning projects are included. ①

Personal Financial Literacy		
MONPFL	Personal Financial Literacy	\$49.95

Trigonometry

Give your student a head start on college math with Monarch Trigonometry. Created for grades 9–12, this six-unit elective teaches students to develop trigonometric formulas and use them in real-world applications. This course's topics include right angle trigonometry, graphing, trigonometric identities, the laws of sine and cosine, and polar coordinates. Making advanced math appealing, this computer-based elective includes engaging multimedia like graphics and games. Algebra II is a prerequisite. ①

Trigonometry		
MONTG	Trigonometry	\$49.95

Business Computer Information Systems

Explore computer technology with Monarch

Business Computer Information Systems. This 12-unit course for grades 9–12 covers workplace skills, business technology, and keyboarding reviews. This online elective examines software and hardware, electronic communication, desktop publishing, computer networks, presentations, and operating systems. In addition to fun projects and learning activities, quizzes and tests are included for easy assessment. ②

Business Computer Information Systems		
MONBCIS	BCIS	\$99.95

College Planner

Monarch College Planner helps soon-to-be graduates evaluate and select options for

their future. Students are guided in finding the right college, preparing for college entrance exams and applications, paying for college, and considering non-college options, such as apprenticeships or the military. Filled with step-by-step instructions and reminders to seek God's will, this is a great course for high school students. ①

College Planner		
MONCP	College Planner	\$ 35.95

Family & Consumer Science

Students learn important life skills with Monarch

Family & Consumer Science. This course has lessons on everyday tasks students do throughout their lives. Created for grades 7–12, this year-long course also teaches about building Christian character, relationships, and more. Give students the homemaking skills they need and an understanding of the importance of living a Christian life in the home. Practical steps on how to build solid financial skills also are covered. ②

Family & Consumer Science		
MONHE	Family & Consumer Science	\$99.95

Foundations for Living: Studies in the Christian Worldview

Teach soon-to-be graduates responsible Christian living with Monarch Foundations for Living, Studies in the Christian Worldview. This ten-unit elective for grades 9–12 shows how God's Word has practical instructions for every situation in life. Students also learn how to apply biblical lessons in areas like roles in the family, dating, courtship, education, art, and politics. ②

Foundations for Living		
MONFOL	Foundations for Living	\$99.95

Health Quest

Created for students in grades 4–6, Monarch Health Quest introduces students to the concepts

of good health, why it's important, and what students should do to achieve good physical, mental, and emotional health. Units cover the parts of the body, feelings, emotions, nutrition, fitness, home safety, adolescence, play, and the importance of stewardship in lessons that are specifically targeted for upper-elementary students. ①

Health Quest		
MONHQ	Health Quest	\$49.95

High School Health

Designed for grades 8–12, Monarch High School Health delves into topics

that affect maturing students. With topics applicable for adulthood, this five-unit course interweaves practical lessons about proper eating habits, social health, home safety, burns, immunizations, drug use and abuse, tobacco, and sexually transmitted diseases with accountable Christian living. This course is a perfect complement to any science curriculum. ①

French I

Introduce your student to the French language with Monarch French I. Examining everyday situations and conversations, this 12-unit elective for grades 9–12 outlines French language mechanics and builds proficiency in speaking, listening, reading, writing, and cultural competency. Students practice dialogue, hear pronunciations, and learn basic sentence structure. This course also teaches vocabulary for a tourist, basic knowledge of France, various situational conversations, and more. ②

French I		
MONFRI	French I	\$99.95

Twentieth Century American History

With Monarch Twentieth Century American History, high school students gain a solid comprehension of America's dynamic century of change, conflict, and growth. A six-unit elective for grades 9–12, this multimedia-rich course examines nation-shaping events like the Industrial Revolution, progressivism, equal rights, the Roaring '20s, the Depression, the two World Wars, and the cold war. Hands-on history projects and lessons make learning fun and interactive. ①

Twentieth Century American History		
MONTCAH	20th Century American History	\$49.95

Monarch Civil War

French II

Polish your student's French with Monarch French II. This 12-unit elective for grades 9–12 reviews basic skills and provides further exposure to the French language. Building grammar and pronunciation proficiency, this in-depth elective helps students practice French in everyday conversations, understand vocabulary usage at various levels, and comprehend situational passages. Projects and activities also are included to deepen understanding of the French culture. French I is a prerequisite. ②

French II		
MONFR2	French II	\$99.95

Spanish I

Introduce students to Español with Monarch Spanish I. Exploring everyday situations and conversations, this 12-unit elective for grades 9–12 outlines Spanish mechanics and builds proficiency in speaking, listening, reading, and writing the Spanish language. Students practice dialogue, hear pronunciations, and learn basic sentence structure in this multimedia-rich elective. This course also teaches useful vocabulary for tourists. ②

Spanish I		
MONSPI	Spanish I	\$99.95

Spanish II

Expand your student's knowledge of Spanish with Monarch Spanish II. This interactive elective for grades 9–12 reviews basic skills and provides in-depth lessons on the Spanish language. Building grammar and pronunciation proficiency, this elective helps students practice Spanish in everyday conversations and comprehend situational Spanish passages. This course also includes projects and activities to build understanding of the Hispanic culture. Spanish I is a prerequisite. ②

Spanish II		
MONSP2	Spanish II	\$99.95

Vietnam Era

Help your student understand America's past with Monarch Vietnam Era. This six-unit elective for grades 9–12 examines the long and difficult conflict of the Vietnam War. This course's topics include the Vietnamese country and people, the United States' involvement and military strategy, the role of the cold war, the loss of civilian and soldier lives, and the war's influence and aftermath. Informative lessons include games and off-computer activities. ①

Vietnam Era		
MONVE	Vietnam Era	\$49.95

Monarch Spanish III

Spanish III

Continue your study of Spanish and the Hispanic culture with Monarch Spanish III. This online course emphasizes the five c's of communication, cultures, connections, comparisons, and communities. Course materials focus on proficiency in speaking, listening, reading, and writing in Spanish. Upon completion of this year-long course, students should be able to communicate effectively through writing and everyday conversations in Spanish. Spanish II is a prerequisite. ②

Spanish III		
MONSP3	Spanish III	\$99.95

Civics

Give students a civics course they are sure to love with the attention-grabbing activities and colorful illustrations in Monarch Civics. This course explains the foundations and structure of the American government, state and local governments, leadership roles, worldwide politics, the election process, economics, and comparative governments. Learning games also are included to aid comprehension in this one-semester course for grades 7–12. ①

Civics		
MONCV	Civics	\$49.95

The Civil War

Monarch The Civil War for grades 9–12 improves students' understanding of one of the most important turning points in American history. This six-unit course covers topics like the Confederate States and the Union, war figures like Abraham Lincoln and Robert E. Lee, pivotal battles, and the Reconstruction. This engaging, computer-based course includes a look at the daily life of a Civil War soldier and interactive maps that show battles and troop movements. ①

The Civil War		
MONCW	The Civil War	\$49.95

“Through this curriculum, our homeschool has become a family affair, and not just one parent teaching our child, but all of us working together. Thank you Monarch for making this homeschool journey an incredible one!”

BIBLE

SWITCHED-ON SCHOOLHOUSE BIBLE is a Christian homeschool curriculum for grades 3–12 with a developmental, in-depth study of the Old and New Testaments. Utilizing the King James Version and the New American Standard Bible, the Bible curriculum covers a variety of biblical material to assist in the development of practical Christian living. The Bible curriculum covers the themes of theology, the attributes of God, biblical literature, biblical geography, Christian growth, Christian evidence, and a special emphasis for each grade level.

HISTORY & GEOGRAPHY

SWITCHED-ON SCHOOLHOUSE HISTORY & GEOGRAPHY is a Christian homeschool curriculum for grades 3–12. The goal of these courses is to develop students' understanding of and appreciation for God's activity as seen in the record of man and his relationships. The curriculum targets this goal by focusing on six major themes: Geography (World and American), History (World, American, and Religious), Government, Citizenship, Economics, and Social Sciences.

LANGUAGE ARTS

SWITCHED-ON SCHOOLHOUSE LANGUAGE ARTS covers the six major content strands of reading, speaking and listening, writing, spelling, grammar, and composition. Because language arts is an integrated program, the elementary grades weave skills together within units, while the upper grades handle these skills unit by unit. This program also covers special topics like visual media, the history of the English language, the Bible as literature, and writing book reports, as well as study and research skills.

MATH

SWITCHED-ON SCHOOLHOUSE MATH is an easy-to-use Christian homeschool curriculum for grades 3–12. Students develop and build math skills through the use of various question formats, multiple exercise techniques, and fun learning games. This motivating math curriculum prepares students for using math successfully in real-life situations. Concepts are developed through grade levels to ensure mastery. The curriculum targets this goal by focusing on the major themes of number skills, geometry, algebra, data analysis, and probability.

SCIENCE

SWITCHED-ON SCHOOLHOUSE SCIENCE focuses on the development of observational skills as they study the physical universe God created. The program involves a combination of on- and off-computer assignments, including experiments. The four major strands of this curriculum include Life Science (plants and animals, human anatomy and personal care, biology), Space and Earth Science (geology, weather, space), Physical Science (chemistry, physics), and the nature of science (scientific method, experimentation, technology).

HISTORY & GEOGRAPHY

LIFEPAC History & Geography develops students' understanding of and appreciation for God's activity as seen in the record of man and his relationships. The LIFEPAC History & Geography worktext-based curriculum targets this goal by focusing on six major themes: Geography (World and American), History (World, American, and Religious), Government, Citizenship, Economics, and Social Studies.

1st Grade

With the engaging LIFE PAC 1st Grade History & Geography, students learn about themselves, their family, their country, and the world. The lessons are easy to understand and help students master topics. Skills like

matching people and places and recognizing the sequence of an event also are taught.

See p. 46 & 47.

MATH

LIFEPAC Math develops and builds math skills through the use of various question formats, multiple exercise techniques, and fun learning games. This motivating math curriculum prepares students for using math successfully in real-life situations. The curriculum targets this goal by focusing on the major themes of number skills, geometry, algebra, data analysis, and probability.

Kindergarten

Lay a strong foundation in math with LIFEPAC Kindergarten Math. This course covers the following principles: time, number lines, addition, subtraction, writing and spelling numbers, and money. Filled with fun lessons, this program offers diverse activities that teach math skills. The LIFEPAC Kindergarten Math curriculum has two worktexts and a teacher's guide.

Getting Ready for Math

MAK015	Kindergarten Math Set	\$69.55
MAK001	Student Book 1	\$24.35
MAK002	Student Book 1	\$24.35
MAK003	Teacher's Guide	\$24.35

*Learning resources available in the Kindergarten Launch Pack. See p. 73.

1st Grade

With the engaging LIFEPAC 1st Grade Math, students learn basic math concepts like addition, subtraction, and number sequence through eye-catching illustrations and fun skill activities like drawing colors and shapes and connecting dot-to-dots. Eye-catching illustrations keep students involved in their lessons, aiding mastery learning.

Addition & Subtraction		
MAT0115	1st Grade Math Set	\$99.95
MAT0101	Number Order & Add/Subtract to 9	\$9.15
MAT0102	Add/Subtract to 10 & Shapes	\$9.15
MAT0103	Fractions, Time, & Symbols	\$9.15
MAT0104	Add to 18, Money, & Measurement	\$9.15
MAT0105	Column Addition & Estimation	\$9.15
MAT0106	Number Words to 99	\$9.15
MAT0107	Count to 200 & Subtract to 12	\$9.15
MAT0108	Add & Subtract to 18	\$9.15
MAT0109	Sensible Answers	\$9.15
MAT0110	Addition & Subtraction Review	\$9.15
MAT0121	Teacher's Guide Part 1	\$21.35
MAT0122	Teacher's Guide Part 2	\$21.35
MAT0100	Set of 10 Worktexts	\$84.95

*Learning resources available in the 1st Grade Launch Pack. See p. 73.

2nd Grade

LIFEPAC 2nd Grade Math captures students' attentions, while reinforcing comprehension of fractions, rounding, time, money, temperature, and the calendar. Students also learn how to make change, skip-count, use standard measurements, and solve story problems. Lessons on operation symbols, shapes, and numbers to 1,000 encourage a strong foundation.

Carrying & Borrowing		
MAT0215	2nd Grade Math Set	\$89.95
MAT0201	Numbers & Words to 100	\$9.15
MAT0202	Add/Subtract & Even/Odd	\$9.15
MAT0203	Add with Carrying to the 10's Place	\$9.15
MAT0204	Numbers/Words to 999 & Graphs	\$9.15
MAT0205	Add/Subtract to 100's Place	\$9.15
MAT0206	Subtract with Borrowing from 10's	\$9.15
MAT0207	Add with Carrying to the 100's Place	\$9.15
MAT0208	Volume & Coin Conversion	\$9.15
MAT0209	Area & Square Measurements	\$9.15
MAT0210	Carrying & Borrowing Review	\$9.15
MAT0220	Teacher's Guide	\$21.35
MAT0200	Set of 10 Worktexts	\$84.95

*Learning resources available in the 2nd Grade Launch Pack. See p. 73.

3rd Grade

LIFEPAC 3rd Grade Math, an illustrated course filled with attention-grabbing activities, explains math problems step by step. The lessons teach operation symbols, estimation, Roman numerals, graphs, probability, metric units, and decimals. Other skill areas studied include word numbers, addition with carrying, fact families, money shapes, and more.

Introduction to Multiplication		
MAT0315	3rd Grade Math Set	\$89.95
MAT0301	Add/Sub to 18 & Place Value	\$9.15
MAT0302	Carrying & Borrowing	\$9.15
MAT0303	Facts of Add/Sub & Fractions	\$9.15
MAT0304	Rounding, Estimating, & Story Problems	\$9.15
MAT0305	Plane Shapes & Symmetry	\$9.15
MAT0306	Multiplication, Lines, & Angles	\$9.15
MAT0307	Add/Sub of Mixed Numbers & Probability	\$9.15
MAT0308	Measurement & Multiplication	\$9.15
MAT0309	Multiplication, Metrics, & Perimeter	\$9.15
MAT0310	Probability, Units of Measure, & Shapes	\$9.15
MAT0320	Teacher's Guide	\$21.35
MAT0300	Set of 10 Worktexts	\$84.95

7th Grade

Prepare your child for pre-algebra with LIFEPAC 7th Grade Math. This course strengthens skills in problem solving, number sense, data analysis, patterns, probability, and proportional reasoning. Students also study integers, equations, and geometric concepts to build a strong foundation for higher mathematical thinking.

Integers, Ratios, & Basic Geometry		
MAT0715	7th Grade Math Set	\$89.95
MAT0701	Integers	\$9.15
MAT0702	Fractions	\$9.15
MAT0703	Decimals	\$9.15
MAT0704	Patterns & Equations	\$9.15
MAT0705	Ratios & Proportions	\$9.15
MAT0706	Probability & Graphing	\$9.15
MAT0707	Data Analysis	\$9.15
MAT0708	Geometry	\$9.15
MAT0709	Measurements & Area	\$9.15
MAT0710	Surface Area & Volume	\$9.15
MAT0720	Teacher's Guide	\$21.35
MAT0700	Set of 10 Worktexts	\$84.95

Pre-Algebra

Give your junior high student an increased awareness of how math is a life skill with LIFEPAC Pre-Algebra. In this course, students practice algebraic thinking to model and solve real-world problems. Variable expressions and equations, linear functions, plane geometry, and coordinate graphing also are studied.

Pre-Algebra		
MAT0815	Pre-Algebra Set	\$89.95
MAT0801	The Real Number System	\$9.15
MAT0802	Modeling Problems in Integers	\$9.15
MAT0803	Modeling Problems with Rational Numbers	\$9.15
MAT0804	Proportional Reasoning	\$9.15
MAT0805	More with Functions	\$9.15
MAT0806	Measurement	\$9.15
MAT0807	Plane Geometry	\$9.15
MAT0808	Measures of Solid Figures	\$9.15
MAT0809	Data Analysis	\$9.15
MAT0810	Probability	\$9.15
MAT0820	Teacher's Guide	\$21.35
MAT0800	Set of 10 Worktexts	\$84.95

Algebra I

Students love learning algebra with the engaging LIFEPAC Algebra I. This hands-on course has a concept-by-concept approach to learning that fine-tunes students' grasp of algebra. Students not only learn graphing, determinants, and quadratic equations, but they also feel rewarded as they complete each workout.

Algebra I		
MAT0915	Algebra I Set	\$89.95
MAT0901	Variables & Numbers	\$9.15
MAT0902	Solving Equations	\$9.15
MAT0903	Problem Analysis & Solution	\$9.15
MAT0904	Polynomials	\$9.15
MAT0905	Algebraic Factors	\$9.15
MAT0906	Algebraic Fractions	\$9.15
MAT0907	Radical Expressions	\$9.15
MAT0908	Graphing	\$9.15
MAT0909	Systems	\$9.15
MAT0910	Quadratic Equations & Review	\$9.15
MAT0920	Teacher's Guide	\$21.35
MAT0900	Set of 10 Worktexts	\$84.95

4th Grade

Multiply your student's math skills with LIFEPAC 4th Grade Math. This engaging course covers cross multiplication, estimation, numbers to the 100,000s, plane and solid shapes, and division with one digit divisors, along with improper and mixed fractions. Cross multiplication and estimation also are studied.

Introduction to Division		
MAT0415	4th Grade Math Set	\$89.95
MAT0401	Whole Numbers & Fractions	\$9.15
MAT0402	Multiplying Whole Numbers	\$9.15
MAT0403	Sequencing & Rounding	\$9.15
MAT0404	Lines & Shapes	\$9.15
MAT0405	Division & Measurements	\$9.15
MAT0406	Division, Factors, & Fractions	\$9.15
MAT0407	Multiplication & Fractions	\$9.15
MAT0408	Whole Numbers & Fractions	\$9.15
MAT0409	Decimals & Fractions	\$9.15
MAT0410	Estimation, Charts, & Graphs	\$9.15
MAT0420	Teacher's Guide	\$21.35
MAT0400	Set of 10 Worktexts	\$84.95

5th Grade

Your student + LIFEPAC 5th Grade Math = success. This curriculum provides students with instruction on operations with fractions and whole numbers, perimeter and area, and decimal place value. Students also are introduced to algebraic, statistical, and probability concepts. Lessons also cover prime factors and multiplication.

Numerical Literacy & Geometric Concepts		
MAT0515	5th Grade Math Set	\$89.95
MAT0501	Place Value, Addition, & Subtraction	\$9.15
MAT0502	Multiply Whole Numbers & Decimals	\$9.15
MAT0503	Dividing Whole Numbers & Decimals	\$9.15
MAT0504	Algebra & Graphing	\$9.15
MAT0505	Measurement	\$9.15
MAT0506	Factors & Fractions	\$9.15
MAT0507	Fraction Operations	\$9.15
MAT0508	Data Analysis & Probability	\$9.15
MAT0509	Geometry	\$9.15
MAT0510	Perimeter, Area, & Volume	\$9.15
MAT0520	Teacher's Guide	\$21.35
MAT0500	Set of 10 Worktexts	\$84.95

6th Grade

Prepare your child for upper-level math concepts with LIFEPAC 6th Grade Math. This mastery-based course focuses on number skills and numerical literacy while integrating geometric concepts. The course also provides instruction on statistical and probability concepts, fractions, mental math, and converting metric units.

Fractions, Decimals, & Measurements		
MAT0615	6th Grade Math Set	\$89.95
MAT0601	Whole Numbers & Algebra	\$9.15
MAT0602	Data Analysis	\$9.15
MAT0603	Decimals	\$9.15
MAT0604	Fractions	\$9.15
MAT0605	Fraction Operations	\$9.15
MAT0606	Ratio, Proportion, & Percent	\$9.15
MAT0607	Probability & Geometry	\$9.15
MAT0608	Geometry & Measurement	\$9.15
MAT0609	Integers & Transformations	\$9.15
MAT0610	Equations & Functions	\$9.15
MAT0620	Teacher's Guide	\$21.35
MAT0600	Set of 10 Worktexts	\$84.95

Geometry

Shape up your student's math skills with LIFEPAC Geometry. This rewarding course offers an individualized, step-by-step learning format about shapes, including lessons about circles, tangents, angles, triangles, area, volume, and points. Engaging worktexts are filled with easy-to-follow lessons and applicable illustrations.

Geometry		
MAT1015	Geometry Set	\$89.95
MAT1001	A Mathematical System	\$9.15
MAT1002	Proof	\$9.15
MAT1003	Angles & Parallels	\$9.15
MAT1004	Congruency	\$9.15
MAT1005	Similar Polygons	\$9.15
MAT1006	Circles	\$9.15
MAT1007	Construction & Locus	\$9.15
MAT1008	Area & Volume	\$9.15
MAT1009	Coordinate Geometry	\$9.15
MAT1010	Geometry Review	\$9.15
MAT1020	Teacher's Guide	\$21.35
MAT1000	Set of 10 Worktexts	\$84.95

Algebra II

With LIFEPAC Algebra II, students can master advanced algebra. This course's concept-by-concept approach and clearly written lessons take the guesswork out of understanding exponential functions, counting principles, real numbers, and more. Students build their knowledge of math with this easy-to-understand algebra course.

Algebra II		
MAT1115	Algebra II Set	\$89.95
MAT1101	Sets, Structure, & Function	\$9.15
MAT1102	Numbers, Sentences, & Problems	\$9.15
MAT1103	Linear Equations & Inequalities	\$9.15
MAT1104	Polynomials	\$9.15
MAT1105	Radical Expressions	\$9.15
MAT1106	Real Numbers	\$9.15
MAT1107	Quadratic Relations & Systems	\$9.15
MAT1108	Exponential Functions	\$9.15
MAT1109	Counting Principles	\$9.15
MAT1110	Algebra II Review	\$9.15
MAT1120	Teacher's Guide	\$21.35
MAT1100	Set of 10 Worktexts	\$84.95

Pre-Calculus

With LIFEPAC Pre-Calculus, students study advanced math, trigonometry, and pre-calculus. Easy-to-understand instructions ease anxiety and give students an assertive and positive attitude toward calculus. Packed with valuable information, this course is great preparation for college math classes.

Pre-Calculus		
MAT1215	Pre-Calculus Set	\$89.95
MAT1201	Relations & Functions	\$9.15
MAT1202	Functions	\$9.15
MAT1203	Right Triangle Trigonometry	\$9.15

MAT1210	Calculus	\$9.15
MAT1220	Teacher's Guide	\$21.35
MAT1200	Set of 10 Worktexts	\$84.95

BEST VALUE

Complete grade sets are also available.

See p. 46 & 47.

SCIENCE

LIFEPAC Science focuses on the development of observational skills as they study the physical universe God created. The four major strands of this curriculum include Life Science (plants and animals, human anatomy and personal care, biology), Space and Earth Science (geology, weather, space), Physical Science (chemistry, physics), and the nature of science (scientific method, experimentation, technology).

1st Grade

Jump into colorful worktexts that explore God's beautiful world with LIFE PAC 1st Grade Science. This self-paced curriculum teaches students about the different senses and introduces them to the amazing world of science. Additional skills, such as drawing colors and shapes, matching, and defining objects are included.*

*See p. 98 for a science lab kit covering experiments in this course.

Your Senses		
SCI0115	1st Grade Science Set	\$99.95
SCI0101	You Learn with Your Eyes	\$9.15
SCI0102	You Learn with Your Ears	\$9.15
SCI0103	More about Your Senses	\$9.15
SCI0104	Animals	\$9.15

SCI0122	Teacher's Guide Part 2	\$21.35
SCI0100	Set of 10 Worktexts	\$84.95

*Learning resources available in the 1st Grade Launch Pack. See p. 73.

2nd Grade

With LIFE PAC 2nd Grade Science, students dive into Bible-based worktexts filled with vibrant illustrations. This course explains how people are alike and different, as well as how to care for our world. It also teaches about plants, animals, and the senses. Additional academic skills include learning vocabulary words and matching words with pictures.*

*See p. 98 for a science lab kit covering experiments in this course.

Our World

LAUNCH PACK

K-2 Learning Resources

Launch packs from LIFE PAC provide your family with many of the fun and colorful resources associated with early learning. From penmanship and alphabet charts to toy money and flash cards, these helpful teaching aids ensure a successful homeschool experience for grades K-2.

Kindergarten Launch Pack

Teach your child math and language arts skills with helpful resources and teaching aids in this launch pack.

LPK \$30.00

- 96 colorful counting bears
- 2-sided number chart
- Color/alphabet chart
- Addition flash cards (0-10)
- Subtraction flash cards (0-10)
- Flash card packet
- Character pencil
- 2-sided wipe-off board
- Dry erase marker with curriculum character
- Penmanship chart

1st Grade Launch Pack

Keep learning fun with the 1st Grade Launch Pack, which includes practical tools for hands-on lesson practice.

LPI \$30.00

- 96 colorful counting bears
- 2-sided number chart
- Addition flash cards (0-10)
- Subtraction flash cards (0-10)
- Addition flash cards (0-18)
- Subtraction flash cards (0-18)
- Blended sounds flash cards
- Clock
- Character pencil
- 2-sided wipe-off board
- Dry erase marker with curriculum character
- Penmanship chart
- Globe
- Toy money (bills and coins)

2nd Grade Launch Pack

Ensure a successful homeschool experience with this resource pack that's great for review and new concepts.

LP2 \$30.00

- 96 colorful counting bears
- Number chart (0-200)
- Addition flash cards (0-18)
- Subtraction flash cards (0-18)
- Learning map
- Character pencil
- 2-sided wipe-off board
- Dry erase marker with curriculum character
- Penmanship chart
- Globe

A PARENT'S GUIDE TO MASTERING LIFE PAC

Free with any complete grade set!

Made for both beginners and experienced teachers, this guide offers a complete overview of the LIFE PAC curriculum, including information on specific grade levels and subjects, as well as in-depth information on reading skills, motivation, discipline, and more.

Horizons Purchase Options

While complete grade sets are the easiest way to purchase Horizons, we understand everyone has different needs. That's why Horizons also is available as 1-subject sets with a teacher's guide and even as individual workbooks!

Single-Subject Sets with Teacher's Guide

Get student work and teacher's guide(s) for a full year per subject and save up to \$48 a year compared to buying items individually.

Individual Books

All Horizons student books and teacher's guides are available individually, giving you the freedom to purchase only what you need.

Horizons PRESCHOOL For Three's

Prepare your three-year-old for preschool with a program precisely designed to address your child's cognitive development, pre-reading and numeracy skills, language acquisition, and school readiness. Horizons Preschool for Three's also strengthens children's social, emotional, and spiritual development by leading three-year-olds to know that God made them and gave them great gifts. Featuring 40 weeks of lessons and activities presented in one student workbook, a workbook companion, a teacher's guide, and a brightly illustrated Bible story reader, Horizons Preschool for Three's gives students practice in language skills, as well as matching, sequencing, counting, and more.

Horizons MATH

When it comes to math, award-winning Horizons stands out above the rest. Rated as “one of the best math programs” by well-known speaker, author, and curriculum specialist Cathy Duffy, Horizons Math was selected to be included in her *Top 102 Picks for Homeschooling Curriculum*. Each colorful Horizons Math set includes two consumable student workbooks and a user-friendly teacher’s guide with step-by-step lesson plans and teaching instructions. Fast-paced and spiral-based, Horizons Math introduces new concepts, along with periodic reviews to quickly move your student from basic math skills to complicated concepts. Hands-on activities and engaging lessons are easy to teach and fun to learn, making Horizons a favorite of both students and parents.

6 Each circle has a different number value from 1-9. No two circles overlap. Where circles overlap, there is a number; this number value of those two circles. For instance, A = 7, B = 5, ... Using logical reasoning, find the value of each letter. The value given to you:

A = 3 B = C = D =
F = G = H = I =

Find the missing number:

MONEY – PENNY Lesson 26

1 cent
1¢

① Count the pennies. Write the number in the box.

Kindergarten

Horizons Kindergarten Math gives students a balanced and organized approach to learning fundamental math concepts. Bright and colorful lessons teach counting, adding and subtracting single digits, money values, time, days of the week, direction, positions, shapes,

simple fractions, and more. Best-selling and award-winning, this math curriculum has two student books with 160 engaging lessons and a helpful teacher's guide with daily lesson plans, answer keys, practical teaching tips, and worksheets. The additional worksheet packet also may be purchased separately from the teacher's guide.

www.aop.com/diagnostic-tests

Lesson 13

Subtracting Polynomials

Recall the rules for working with signed numbers. When you are subtracting a number, change the sign and add. This rule also applies to subtracting polynomials. Look at this problem.

$$(2x^2 + 2x - 3) - (x^2 - x + 1) =$$

The negative applies to everything in the second set of parentheses. Change each sign in the second parentheses and add.

$$(2x^2 + 2x + 3) + (-x^2 + x - 1) =$$

$$2x^2 + 2x + 3 - x^2 + x - 1 =$$

$$-x^2 + 3x + 2$$

Polynomials may also be subtracted by writing the problem vertically. Like addition problems, like terms must appear in the same column.

$$\begin{array}{r} (2x^2 + 2x + 3) \\ -(x^2 - x + 1) \\ \hline \end{array}$$

You may use algebra tiles to check your answer.

When adding with algebra tiles, a red piece

CLASSWORK

Write the problem vertically and subtract.

$$(4x^2 + 3x + 4) - (x^2 + x + 3) =$$

$$(3x^2 + 3x + 6) - (x^2 - x + 2) =$$

$$(6x^2 - x + 2) - (4x^2 - 3x - 2) =$$

Write the terms.

“

“I love Horizons for its ease of use and convenience! It is so wonderful to have most everything you need for the year ready to go. It saves me so much time and stress, and I can focus on teaching instead of worrying about lesson plans.”

Rachel H., Parent

Horizons PENMANSHIP

Horizons Penmanship is a program that teaches the fundamentals of proper penmanship through the practice of spelling, vocabulary, and writing while learning mechanics of penmanship like letter formation, spacing, capitalization, punctuation, and pencil grip. As the program progresses, students transition from print or manuscript writing to cursive. Each course includes writing weekly passages.

1st Grade

Filled with fun cartoon figures, Horizons 1st Grade Penmanship covers tracing manuscript lowercase and uppercase letters, words, and sentences, writing and memorizing a weekly Bible verse, and practicing punctuation, numbers, and proper writing positions. Students also build spelling and vocabulary skills. This penmanship curriculum has one student workbook with 160 fundamental lessons and a corresponding teacher's guide.

1st Grade Penmanship		
JSP115	1st Grade Penmanship Set	\$39.95
JLP101	Student Book	\$24.95
JPT010	Teacher's Guide	\$19.95

2nd Grade

Horizons 2nd Grade Penmanship introduces students to cursive writing. Motivating lessons cover tracing cursive lowercase and uppercase letters, words, and sentences, writing and memorizing a weekly Bible verse, and writing and memorizing short poems. Filled with capitalization and punctuation rules, this curriculum has one student workbook with 160 lessons and a corresponding teacher's guide.

2nd Grade Penmanship		
JSP215	2nd Grade Penmanship Set	\$39.95
JLP201	Student Book	\$24.95
JPT020	Teacher's Guide	\$19.95

3rd Grade

Horizons 3rd Grade Penmanship continues to transition students from manuscript to cursive by having them trace letters and words, write manuscript and cursive sentences, write quotations, and write answers to questions. Bible stories about Noah, Abraham, and Joseph are integrated throughout the lessons. This curriculum has one student book with 160 colorful lessons and a corresponding teacher's guide.

3rd Grade Penmanship		
JSP315	3rd Grade Penmanship Set	\$39.95
JLP301	Student Book	\$24.95
JPT030	Teacher's Guide	\$19.95

4th Grade

Horizons 4th Grade Penmanship practices cursive writing with lessons from the parable of the good shepherd, the parable of the lost son, the parable of the mustard seed, and more. Lessons cover tracing letters and words, defining words by using them in a sentence, printing sentences, and writing sentences to answer questions. This curriculum has one student book with 160 Bible-based lessons and a teacher's guide.

“

“As a mom of three, my brain is usually taxed to its limits, but Horizons gives me that feeling of success and accomplishment. The multi-faceted approach that Horizons offers and the idea prompts keep learning engaging and fun.”

Jessica C., Parent

Horizons

SPELLING & VOCABULARY

Horizons Spelling & Vocabulary is a phonics-based homeschool curriculum that gives a comprehensive presentation of typical spelling concepts. Built-in flexibility allows parents to add words to the weekly lists and alter the specifications for the writing assignments to tailor the material to individual student needs. Fun, colorful lessons encourage your student to improve and develop spelling skills. New spelling words are introduced throughout exciting activities and word puzzles. Each grade has a student dictionary to help develop vocabulary skills. Horizons Spelling & Vocabulary can be used as a stand-alone spelling program or as a main subject.

1st Grade

The motivating Horizons 1st Grade Spelling & Vocabulary contains clear lessons with fun weekly word lists and various practice formats. Students enjoy learning about short and long vowel sounds, basic contractions, plurals, suffixes, compound

words, basic beginning and ending letters, synonyms, antonyms, and homophones. This course keeps students engaged with eye-catching illustrations and hands-on activities. This spelling curriculum has a student book with 160 fundamental lessons, a student dictionary, and a helpful teacher's guide.

Horizons

HEALTH ELECTIVES

Horizons Health builds a healthy foundation for homeschoolers with discussion-based courses supported with workbook and other study activities. This Christian curriculum covers the main themes of growth and development, disease prevention, nutrition, mental health, personal health, family life, human sexuality, social health, first aid, and more. Created to be taught two to three days per week, this curriculum for grades K–8 helps students recognize healthy living as a form of godly obedience.

Kindergarten

Horizons Kindergarten Health helps students recognize God's will for healthy living. The teacher's guide has 48 lessons that use puppets to teach kindergarteners age-appropriate health themes, such as living in a family, getting along with others, taking care of

their bodies, and being safe. The student workbook contains over 40 perforated student visuals and drawing activities that are teacher-administered.

1st Grade

Teach growing students the importance of health with Horizons 1st Grade Health. The teacher's guide has 50 lessons that use puppets to teach important health themes like understanding their growing bodies, making healthy choices, preventing health

problems, and developing safety awareness. The student workbook has over 30 perforated visuals and writing activities that are teacher-administered.

2nd Grade

Horizons 2nd Grade Health has practical lessons filled with tips for healthy living. The teacher's guide has 54 lessons that use puppets to teach students Christ-centered health themes like dealing with the ups and downs of family life, keeping active, personal grooming, and learning

about medicine and drugs. The student workbook contains over 40 perforated student visuals and writing activities that are teacher-administered.

3rd Grade

Teach students about their amazing body with Horizons 3rd Grade Health. Taught from a Christian viewpoint, students learn everything from proper manners to first aid to eating smart. The teacher's guide includes 55 step-by-step lessons, while the student

workbook contains unit evaluations and over 30 perforated student visuals and writing activities that are teacher-administered.

Horizons

PHYSICAL EDUCATION ELECTIVES

Horizons Physical Education is an activity-filled curriculum that teaches healthy living from a Christian perspective. Divided into four teacher's guides for grades PreK–12, this Christian homeschool curriculum covers essential fitness skills and motor skills, as well as a variety of sports and games. A three-day per week program, this curriculum is best used in a group setting to promote the development of teamwork.

Grades PreK-2

Horizons PreK–2nd Grade Physical Education gives you the guidelines you need to give your student a healthy start. This curriculum includes body terms, fitness techniques, and movement activities that develop motor skills with age-appropriate games.

The course contains teaching material for each grade level for a full school year, based on a three-day per week program.

P.E. Preschool - 2nd Grade		
JPE002	Teacher's Guide	\$40.95

Grades 3-5

The activity-packed Horizons 3rd–5th Grade Physical Education is perfect for strengthening young minds and muscles. With this motivating Christian curriculum, you can teach fun, in-depth lessons that cover body part movements, anatomy, physiology, and flexibility

training. The course contains teaching material for each grade level for a full school year, based on a three-day per week program.

P.E. Grades 3-5		
JPE005	Teacher's Guide	\$40.95

Grades 6-8

Horizons 6th–8th Grade Physical Education focuses on team and recreational sports, intramural athletics, and health fitness. Teach Christ-centered lessons that cover soccer, volleyball, football, basketball, hockey, golf, tennis, skiing, skating, cycling, wrestling, and

more. The course contains teaching material for each grade level for a full school year, based on a three-day per week program.

www.aop.com/curriculum/horizons

Unit Study Christian Homeschool Curriculum

Features

- A flexible, topical approach that allows you to teach students of multiple ages together
- Year-long volumes for grades K–6 with coordinating supplements for grades 7–12
- Binders to organize hands-on activities for each grade level
- A daily Bible theme throughout each volume, which covers the subjects of Bible, social studies, science, geography, history, language arts, health, and art

Benefits

- ★ **Family-friendly**
Weaver is unit study at its best! Whenever possible, all the students in the family study the same topics at the same time with individual lesson assignments geared to each student's age and grade level.
- ★ **Biblically Integrated**
Instead of adding Scripture to something that has already been written, Weaver starts with Scripture and draws in the various topics and subjects to be studied.
- ★ **Hands-on**
Weaver is a hands-on, activity-based curriculum. The lessons include projects, maps, murals, timelines, models, collections, field trips, research, experiments, and other interactive activities. These features work together to help students retain more information.

Basic Five Starter Set

Save money when you purchase this comprehensive beginner's kit called the Basic Five. Conveniently packaged with everything you need to begin homeschooling with The Weaver Curriculum, this cost-saving set includes Weaver Volume 1, Day by Day Volume 1, Wisdom Words, Teaching Tips & Techniques, Skills Evaluation, and a free Teacher's Friend.

Basic Five Starter Set	
WKV01 Basic Five Starter Set	\$265.00
Weaver Volume 1	
Wisdom Words	
Day by Day Volume 1	
Teaching Tips & Techniques	
Skills Evaluation	
Teacher's Friend	

Volume 1

Volume 1 takes children from the basic architecture of city buildings to the amazing layout of the solar system,

from the water cycle to the life cycle, and from transportation to preservation. This Bible-based curriculum is a good balance for any child's learning style.

Volume 2

Volume 2 includes a unique study of character traits at the end of each chapter, making the hands-on activities more

personal for your children and allowing them to retain more of what you teach. The unit on celebrations allows you to focus your studies on your family's personal beliefs and traditions.

Volume 3

Volume 3 journeys through the exploration of the Promised Land as settlers explore the West of America. Learn

about the recording of history while studying the natural passage of time and discover the steps of reasoning while studying how the human brain works.

Genesis 11-50		
WV001 Volume 1* (K-6)		\$155.00
WS001 Supplement, Volume 1 (7-12)		\$35.00

*Includes Teacher's Friend listed on p. 94

- Topics Include:**
- City
 - Language
 - Transportation
 - Plant Life
 - Economics
 - Covenants
 - Character
 - Insects
 - Slavery

Exodus & the Books of Law		
WV002 Volume 2 (K-6)		\$155.00
WS002 Supplement, Volume 2 (7-12)		\$50.00

- Topics Include:**
- Royalty
 - Deserts
 - Leadership
 - Miracles
 - Celebrations
 - Mt. Sinai
 - Character
 - Egyptian Civilization
 - U.S. History (1600-1790)

Joshua, Judges, & Ruth		
WV003 Volume 3 (K-6)		\$155.00
WS003 Supplement, Volume 3 (7-12)		\$50.00

- Topics Include:**
- Exploration
 - Communication
 - Fortifications
 - Music
 - Thinking Skills
 - Time
 - Service
 - Ancient Civilizations
 - U.S. History (1790-1860)

Volume 4

Volume 4 balances hands-on activities with in-depth discussion while focusing on Bible themes like physical and spiritual giants,

slavery, stewardship, covenants, and ancient civilizations. Different types of poetry also are studied throughout this volume.

Volume 5

Volume 5 presents an in-depth study of the life of Christ through His resurrection. Learn about ancient Rome, follow the footsteps of Jesus

as He preaches from town to town, and relive the miracles surrounding His life and death. The first four Weaver volumes all lead up to this fascinating study.

Old Testament Period of Kings & People		
WV004 Volume 4 (K-6)		\$155.00
WS004 Supplement, Volume 4 (7-12)		\$50.00

- Topics Include:**
- World Missions
 - The Civil War
 - Learning
 - Biology
 - Ancient History
 - Miracles
 - Captivity
 - Reconstruction
 - The Period of Silence

The Life of Christ		
WV005 Volume 5 (K-6)		\$155.00
WS005 Supplement, Volume 5 (7-12)		\$50.00

- Topics Include:**
- Covenants
 - Government
 - Ancient Rome
 - Solar System
 - Human Body
 - Biographies
 - Agriculture
 - Geology
 - World & U.S. History (1895-present)

Day by Day

Find peace of mind when teaching multiple grade levels and subject areas with this time-saving, daily lesson plan book. Completely structured, yet flexible, each day's lesson plans include a list of required resources, creative writing prompts, a teacher's "Thought for Today," and space to record assignments.

Day by Day		
WB001	Volume 1	\$52.00
WB002	Volume 2	\$52.00
WB003	Volume 3	\$52.00
WB004	Volume 4	\$60.00
WB005	Volume 5	\$60.00

The Weaver Curriculum

Wisdom Words

Lead your student down the road to good grammar and composition skills with this non-consumable, step-by-step guide for K-6 students. Like the Weaver Volumes, this fun-filled composition course is color-coded by grade and uses the Bible for its model. Packed full of forms, charts, manipulatives, games, and hands-on activities, Wisdom Words contains everything you need to turn your student into a strong writer.

WW001	Wisdom Words	\$50.00
-------	--------------	---------

Skills Evaluation

Learn the strengths and weaknesses of your children in social studies, science, language arts, math, health, and safety with this helpful resource that includes a subject-by-subject skills list for grades K-6. Designed to determine the skill level of each student, this handy resource also can be used to plan lessons to eliminate academic learning gaps.

WK001	Skills Evaluation	\$20.00
-------	-------------------	---------

Interlock Preschool Program

This foundational program for preschoolers or kindergarten students sets the stage for a solid understanding of the Scriptures by integrating social studies, science, language arts, math, health, art, physical education, memory work, and music into fun-filled, hands-on lessons. Three days per week, this program includes supply lists, activities, and a helpful resource section.

WIN01	Interlock Program	\$99.00
-------	-------------------	---------

1-2-3 Read!

This Bible-based phonics program begins with reading readiness and progresses to teaching alphabet recognition, sounds, phonics rules, and ultimately reading independence. Recommended for preschool children and those in older grades who struggle with reading, this program includes teaching instructions, games, reinforcement activities, musical recordings, a student workbook, and a flip chart. Levels 1-3 of the Early Readers Series are supplements to 1-2-3 Read!

1-2-3 Read!		
WRI23	1-2-3 Read! Program	\$95.00
WSI23	1-2-3 Read! Student Book	\$17.00

“I’m teaching four boys, grades 9, 6, 3, and 2. I love Weaver! There is no way that I could keep up with four different individual curricula. I actually work with my 3rd and 2nd grader a lot on the same level, challenging my 2nd grader a little bit and holding back on the things that I don’t think my 3rd grader is ready for yet. You can jump around to whatever level you think they need to be at because it’s all right in front of you, and you don’t have to buy the next workbook if they’re ready to move on.”

- Cara M., Tennessee

Early Readers Series

Emphasizing various stages of phonics through Bible stories, this three-part series progresses from short-vowel words to consonant blends and more. Each level contains five story books.

Early Readers Series		
BR0101	Level 1 (Preschool)	\$25.00
BR0102	Level 2 (Kindergarten)	\$25.00
BR0103	Level 3 (Grade 1)	\$25.00

Teaching Tips & Techniques

A must-have for beginning and veteran homeschool parents alike, this training book is packed with practical teaching tips, excellent reading lists for each grade level, motivational activities, and helpful charts to assist you in educating your children. From how to teach specific subjects to homeschooling around a baby, this informative book is like a homeschool teacher training workshop.

WT001	Teaching Tips & Techniques	\$35.00
-------	----------------------------	---------

Teacher's Friend

Included with Volume 1, this resource gets you started with The Weaver Curriculum and gives helpful advice on how to use unit studies. Complete instructions are given from opening binders to opening minds.

WF001	Teacher's Friend	\$5.00
-------	------------------	--------

The Weaver Curriculum

Success in Spelling

This level-by-level guide contains daily instructions, test sheets, and games for grades 2-12 and may be used independently. Recommended to begin Level 1 after children are reading fluently, this program reviews phonics rules and teaches key spelling rules. Daily lesson plans explain how to introduce the spelling words and provide an activity. Pre-tests, reviews, and final tests are included.

Success in Spelling		
WSS01	Level 1 (Grade 2)	\$10.00
WSS02	Level 2 (Grade 3)	\$12.00
WSS03	Level 3 (Grade 4)	\$14.00
WSS04	Level 4 (Grade 5)	\$17.00
WSS05	Level 5 (Grade 6)	\$22.00
WSS06	Level 6 (Grades 7-12)	\$22.00

Penmanship to Praise

Designed to encourage the natural progression of large to small motor development in grades K-6, this resource features five lesson plans a week that take students step-by-step through the writing process. This resource may be used independently and includes Scripture verses for writing practice.

Penmanship to Praise		
WPMAN	Manuscript	\$20.00
WPK01	Kindergarten	\$20.00
WPO01	Grade 1	\$20.00
WPO02	Grade 2	\$20.00
WPO03	Grade 3	\$20.00
WPO04	Grade 4	\$20.00
WPO05	Grade 5	\$20.00
WPO06	Grade 6	\$20.00

Review Questions

Weaver review questions help you evaluate your child on the topics they have studied in Volumes 1-5. Administered verbally or in written format, these questions help parents assess what information is retained. Weaver questions are sorted by subject and grade (1-2, 3-4, and 5-6) with various problem formats that include fill-in-the-blank, matching, essays, and more.

Review Questions		
WR101	Review Questions Volume 1	\$15.00
WR201	Review Questions Volume 2	\$15.00
WR301	Review Questions Volume 3	\$15.00
WR401	Review Questions Volume 4	\$15.00
WR501	Review Questions Volume 5	\$15.00

High Way to English Grammar

This consumable worktext is a comprehensive, two-year grammar program for grades 7-12 that explains concepts and provides practice. One student worktext is necessary for each student.

High Way to English Grammar		
WH001	Teacher Text	\$55.00
WH002	Student Text	\$30.00

Learning to Love Literature

This step-by-step teacher's notebook integrates writing with literature and contains lesson plans, classical reading lists, discussion questions, and activities appropriate for grades 7-12.

WL001	Learning to Love Literature	\$25.00
-------	-----------------------------	---------

On Eagles Wings

This valuable resource contains a wealth of information for teaching junior and senior high students. Along with a detailed list of grade-level skills for social studies, science, and language arts in grades 7-12, this book gives an overview of general subject areas and contains tips for homeschooling through high school, transcript ideas, a section on grading and credits, a topical course of study, and forms for keeping accurate records.

WE001	On Eagles Wings	\$20.00
-------	-----------------	---------

3-D Body Book

Make a life-size replica of the human body with this project-oriented activity that focuses on organ placement and how to follow directions. This three-dimensional book for grades K-6 may be used independently and includes project instructions, a supply list, and patterns.

W3001	3-D Body Book	\$8.00
-------	---------------	--------

“I am having so much fun teaching with Weaver. I love that it is hands-on and activity-oriented, but the main thing I love about Weaver is that the Bible is the source for everything we learn. I love how science, social studies, language arts, and music are woven through the Bible concept of the day.”

- Denise A.

Model 3000F Student Microscope

This precision-built, tamper-proof compound microscope is a must-have for science. Featuring a 360-degree rotatable head, wide-field 10x eyepiece, and coarse/fine coaxial focusing, this microscope is an asset to any student. The Model 3000F also has a built-in 20 watt illuminator, spring-loaded stage clips, a heavy duty cord, and a dust cover.

SR0315 Student Microscope \$224.00

Understanding Mathematics: From Counting to Calculus

BEST SELLER!

This book is full of easy-to-read, non-technical discussions from counting to calculus. Hundreds of detailed examples, step-by-step instructions, and pictures emphasize important concepts and support surrounding text.

MM0221 Understanding Mathematics \$24.95

Math Problems and Solutions Guide

Math proficiency requires practice! This 305-page companion to the best-selling book, *Understanding Mathematics: From Counting to Calculus*, helps students of all ages build more confidence and expertise with over 10,000 corresponding problems and solutions.

MM0224 Math Problems & Solutions \$24.95

Hamlet

This masterpiece tells the tragic tale of a young prince from Denmark who receives a visit from a ghost and learns the real cause of his father's death. A Shakespeare biography, comprehensive introduction, modern spelling, and explanatory notes make this student-friendly version easy to understand. Due to mature themes, teachers should review this play before assigning it. Grades 9 and up. *Required for LIFEPAK English IV. A PDF version is included in Monarch and SOS.*

LRI206 Hamlet \$5.95

The Hiding Place

Encourage your student's faith with this inspiring biography of Corrie Ten Boom. This true story tells of a courageous woman who became a militant heroine of the anti-Nazi underground movement in Holland during World War II. Helping hundreds of Jews to escape, Corrie and her sister Betsie show God's love and forgiveness as they are arrested and sent to face the horrors of a German concentration camp. Grades 5 and up. *Required for Monarch, SOS, and LIFEPAK 7th Grade Language Arts.*

LR0707 The Hiding Place \$8.99

The Miracle Worker

This three-act play by William Gibson tells the unforgettable story of Helen Keller and her devoted teacher, Annie Sullivan. Set in Tusculum, Alabama, in the 1880s, this drama portrays the real-life story of 12-year-old Helen caught in a prison of silence with no way to express herself or comprehend those around her. Grades 6 and up. *Required for Monarch, SOS, and LIFEPAK English I.*

LR0908 The Miracle Worker \$13.99

“We are so happy we decided to homeschool our children. We feel they are receiving the best education possible with AOP.”

Yvonne S., Parent

The Science Chef

Learn basic science with easy cooking projects and discover scientific answers to common kitchen mysteries like “Why do onions make you cry, and why does toast brown?” This cookbook for beginning and experienced cooks alike answers these and dozens of other tasty mysteries. *The Science Chef* requires only common ingredients and standard kitchen utensils. In addition, a complete nutrition guide and rules for kitchen safety and clean-up are included.

AB8066 The Science Chef \$19.99

I Can Draw Elementary Art Books

BEST SELLER!

I Can Draw Animals and *I Can Draw People* use step-by-step picture instructions, so even young children can achieve delightful results using just crayons and markers. Ages 3 and up.

EBI998 I Can Draw Animals \$4.99

EBI997 I Can Draw People \$4.99

The Old Man and the Sea

Inspire courage in the face of defeat with this classic novel that records an old man's struggle for identity among the other Cuban fishermen in his village. Written by Ernest Hemingway, this Pulitzer Prize winning story contains some objectionable language that teachers should review before assigning. This 130-page edition is softbound and printed on high-quality paper. Grades 9 and up. *Required for LIFEPAK English III.*

LRI108 The Old Man and the Sea \$12.99

Reading Basics

Each reader includes 12 stories that delight first grade students. Corresponding comprehension questions are included in the Reader Study Guide. *Required for LIFEPAK 1st Grade Language Arts.*

LAN0130	Set of Five Readers & Study Guide	\$42.95
LAN0131	Book 1: Dog in the Tub	\$7.50
LAN0132	Book 2: Cotton Candy	\$7.50
LAN0133	Book 3: Oats Are for Goats	\$7.50
LAN0134	Book 4: Flying My Kite	\$7.50
LAN0135	Book 5: The Gold Coin	\$7.50
LAN0136	Reader Study Guide	\$7.50

Twenty Thousand Leagues Under the Sea

Go on an exciting underwater adventure with this Jules Verne science fiction story. Set in the 1800s, this compelling classic follows the narration of Professor Pierre Aronnax and his scientific expedition as they search for a dangerous sea monster. Shipwrecked, they discover the monster is actually the secretly built submarine Nautilus commanded by the mysterious Captain Nemo. Grades 7 and up. *Required for LIFEPAK English I. A PDF version is included in Monarch and SOS.*

LR0909 20,000 Leagues Under the Sea \$5.95

Diploma

This 8½" x 11" diploma is printed on heavy-duty certificate stock and includes a gold foil seal embossed with the AOP logo. It also comes in a black padded cover with Acetate paper for protection. This diploma is not accredited. For information about an accredited program, read about Ignite Academy on p. 10-13.

AR8116 Diploma \$19.95

Our Town

This timeless, three-act play highlights the importance of family, community, and the ordinary events of life in a small town. Written by Thornton Wilder, this American play spotlights Emily Webb and her family in an allegorical representation of life set in the fictional town of Grover's Corners, New Hampshire, in the early 1900s. Grades 9 and up. *Required for Monarch, SOS, and LIFEPAK English III and American Literature.*

LRI107 Our Town \$14.99

To Kill a Mockingbird

A modern American classic, this Harper Lee novel is presented from a child's viewpoint and portrays the heart-wrenching tale of racial inequality in America's deep South during the Depression. Compassionate and moving, this story takes students into the roots of human behavior, including some mature themes that include innocence, cruelty, love, and kindness. Grades 9 and up. *Required for Monarch and SOS English III.*

LRI100 To Kill a Mockingbird \$15.99

In His Steps

This best-selling Christian novel tells the story of a self-satisfied minister and five church members who desire to be more like Christ. After a man out of work suddenly dies during a Sunday morning worship service, they realize their failure to love the lost and are convicted to move out of their comfort zone and daily ask themselves the question, “What would Jesus do?” Grades 9 and up. *Required for LIFEPAK English II. A PDF version is included in Monarch and SOS.*

LRI009 In His Steps \$5.99

AOP Science Lab Kits

Don't forget the lab supplies! Find the science equipment and materials needed to complete the lab content in your Alpha Omega Publications curriculum with these convenient lab kits from Home Science Tools.

Please note: While our kits contain most of the items you'll need to complete the labs, they do not include some common household items or more expensive items like microscopes and live cultures. A comprehensive kit order form for each lab kit is available at homesciencetools.com for additional items you might wish to order separately.

For a complete listing of content in each kit, visit aop.com/lab-kits.

Worry-Free Academic Placement

Every homeschool parent knows that correct educational placement testing is a key component to successful homeschooling. At Alpha Omega Publications, we want to improve your effectiveness as a teacher and promote your child's academic enjoyment. To accurately place your child into our Christian homeschool curriculum, we offer free placement test resources for Monarch, LIFEPAC, and Horizons.

Find free placement tests at aop.com/diagnostic-tests

Customer Service Information

Shipping & Handling

- All international orders require a physical address and phone number and are shipped solely at the customer's risk.
- Delivery date is based on shipping method and the day your order leaves the warehouse.
- All orders are fulfilled on a first-in, first-out basis.

Payment

- Full payment must be received with all orders. Orders can be paid by check, money order, or credit card (Visa, MasterCard, or Discover).
- A minimum \$20.00 service fee is charged for all returned checks.

Return Policy

- All returns require a return authorization number (RMA). To obtain an RMA, please contact customer service at 877-760-0290.
- An unauthorized return of an order is automatically assessed a \$20.00 fee.
- **LIFEPAC** and **Horizons** curriculum must be returned with no marks, tears, eraser marks, bent or crumpled edges, or missing pages.
- **Switched-On Schoolhouse** may only be returned if packaging is unopened.
- The customer is responsible for the return shipping costs of returns or exchanges.
- For 100% refund, items must be returned within 30 days of the invoice date.
- After 30 days, a 20% restocking fee is deducted from your refund. No refunds are given 60 days after the invoice date.
- An additional 5% fee is applied to orders when box sets are returned without all items or without all items in resalable condition. Shipping charges are non-refundable.
- One exchange is allowed up to 6 months from the invoice date and nullifies a return. For an authorized exchange, please contact customer service at 877-760-0290.
- **Monarch** can be returned within 30 days of activation for a full refund. After 30 days, a 20% fee is applied. No refunds of Monarch are given after 60 days. Different terms and conditions apply to monthly subscriptions.
- **Monarch** monthly subscription payments are non-refundable.
- Please allow 4-6 weeks (6-8 weeks during peak times) for your return to be processed.
- In most instances, return credits are refunded in the same form of payment used for the original purchase.

Business Hours

Homeschool customer service is open Monday–Thursday from 7 a.m. to 6 p.m. (CT) and from 7 a.m. to 5 p.m. (CT) on Friday.

Technical support is available from Monday–Friday from 7 a.m. to 5 p.m. (CT). For Monarch assistance, call 888-881-4958. For Switched-On Schoolhouse, call 866-444-4498.

Statement of Faith

- We believe that both the Old and New Testaments are the inspired Word of God, revealing the three Persons of the Godhead: Father, Son, and Holy Spirit.
- We believe in the incarnation and virgin birth of our Lord and Savior Jesus Christ as true God and true man.
- We believe that man was created in God's image but is separated from God by sin.
- We believe that man is redeemed by grace through faith in Christ's vicarious atonement for sins, the shedding of His blood on the cross.
- We believe that the gift of eternal life is available to all men and that those who receive Christ by faith are regenerated by the Holy Spirit and thereby become children of God.
- We believe in the bodily resurrection of Christ, His imminent return, and the resurrection of His people.

Product Selection Notice

To eliminate products that promote humanistic or immoral beliefs, Alpha Omega Publications screens all our products. Whenever possible, we purchase materials from Christian sources and other suppliers we know and trust. Homeschool families, however, come from many different backgrounds, beliefs, and denominations. While it is our desire not to offend even one of our customers, there may be an instance where a product in this catalog does not correspond with your particular viewpoint. If this is the case, please alert us. We will cheerfully exchange your purchase or refund your money in accordance with our return policy, and your comments will be recorded for evaluation.

Pricing

New prices reflected in this catalog go into effect on April 1, 2021. AOP's product and shipping prices are subject to change without notice.
