GO THE DISTANCE, LEARNING.
OUR NAME CHANGED, YOUR ACADEMY DIDN’T!

Odysseyware Academy was previously Bridgewater Academy. We changed the name in 2014 to align our program more seamlessly with Odysseyware Online Curriculum - the courseware our students have always used. While the name is new, our staff and commitment to quality education will forever remain the same.

SATISFIED SCHOOLS
Odysseyware Academy has a consistent success record with schools nationwide. More than 96% of our partners return year after year. As high as that is, we won’t stop our pursuit to make it 100%.

TOP ACCREDITATION
Through a history of excellence, we earned accreditation through AdvancED – the largest accrediting body worldwide. AdvancED represents 27,000 public and private schools in districts throughout America and is recognized by the U.S. Department of Education. Our accreditation is your assurance of quality and commitment.

“Just so you know, you are one of my absolute favorite providers to work with. You are always so thorough and accommodating and I truly appreciate your quick response time!”

IMMEDIATE TEACHING, LEARNING AND DATA
With Odysseyware Academy, students can engage in their coursework 24/7 while teachers and administrators can access real-time reports on student progress and achievement.

Our student information system provides real-time student progress to parents, students and partners schools.
CERTIFIED TEACHERS
Our experienced, enthusiastic educators specialize in technology-driven distance learning, and are certified experts in their subject areas. They diligently monitor individual student achievement and participate generously through messaging, online classrooms, phone and email.

STUDENT-CENTERED SERVICES
From the time of enrollment to course completion, we collaborate with our partners. The Academy provides educational and enrollment services to help students meet their individual academic goals.

FULL SUPPORT STAFF
With Odysseyware Academy, you can extend your school’s staff and services without hiring additional personnel. This saves you both time and funding! In addition to our teaching staff, we provide a Registrar, Administrative Contact, and a Technical Support Team to each partner school to assist you every step of the way.

“I just wanted to say thank you for all your help during this course, and the speed in which you replied to my questions with such informative answers. You were very helpful to me and I greatly appreciate it.”
- 9th Grade Student

“Our partnership with you has given us a savings of well over one million dollars. Since we began to sell the Academy, we have increased enrollments yearly. Without your solution, many students would have been at risk of dropping out. Thank you!”

STUDENTS WE SERVE

• Students working in a variety of settings: traditional classrooms, alternative settings, home-bound learners and more.
• Students looking to work ahead toward graduation.
• A solution for students needing flexibility in their course schedule or students looking for more course options than are currently available.
• Perfect for students who struggle with grades, disruptive behavior, bullying or social interactions.
• An answer for students who are hospitalized or in other treatment facilities.

STUDENT BENEFITS

• Receive generous student-teacher interaction via messaging, phone and online classrooms.
• Full or part-time rolling enrollment any time during the year, to suit any student’s schedule.
• Enjoy full participation in sports or extracurricular activities, and meet student-employment needs.
• State public school funding applies, so there’s no out-of-pocket tuition costs.
• Earn local school diplomas or Odysseyware Academy diplomas when exclusively enrolled.

STUDENT RETENTION

Odysseyware Academy is the seamless way to keep students in your school and district, to retain per-student funding and maintain a student’s access to the learning community.

OBJECTIVES

- Use the Pythagorean theorem to find the missing length of a side of a right triangle.
- Apply the Pythagorean theorem to real life problems.
- Determine if the given sides form a right triangle.
INDIVIDUALIZED LEARNING
Odysseyware, the exclusive online curriculum at Odysseyware Academy, allows each and every student to learn at the ideal pace and take ownership of their success. It’s the economical, individualized solution for core, elective and CTE courses. It’s truly personalized, and when paired with our teachers and support staff, there’s no end to what students can achieve.

ENGAGING, VOCABULARY-DRIVEN, AND “CHUNK” MODELED
Research-based and proven effective, our curriculum stresses the importance of vocabulary and grammar to boost retention and problem-solving skills. All courses are media-rich with illustrations, videos, animations and images to maximize engagement. Plus, because knowledge is best served in small bites, we “chunk” our content so students can focus on one skill per lesson.

ROBUST STUDENT INFORMATION SYSTEM
All Odysseyware Academy partners are equipped with our Student Information System (SIS), allowing users to actively track and monitor student enrollments, progress, activity and grades in real time.

“Thank you for your assistance and patience as we begin to narrow down the focus of instruction for our student.”
