

Eagle's Landing Christian Academy

Eagle's Landing Christian Academy Takes Flight with Ignitia

The sixth largest private Christian school in the Atlanta area, Eagle's Landing Christian Academy strives to stand by its motto, "Education for Now and Eternity." With the help of Ignitia, ELCA launched a full-time virtual academy and increased revenue and student enrollment, while also empowering individual learning. Serving 1,100 students from grades PreK-12, ELCA offers AP classes, a diverse fine arts program, award-winning athletics, and accreditation through the Southern Association of Colleges and Schools.

At-a-Glance School Profile

Location: McDonough, GA

Established: 1970

Enrollment: Over 1,100

How Ignitia Helped ELCA

- **Profit Potential.** Since integrating AOP's online curriculum, ELCA's enrollment has grown by over 200 students.
- **Flexible Scheduling.** Over 60 former homeschool, alternative, and traditional students attend ELCA's virtual academy. Many enrolled for Ignitia's flexible class schedule, which encourages on-campus and virtual students to participate in school activities and maximize their talents for the Lord.
- **Multiple Functions.** An additional 130 on-campus students use Ignitia for credit recovery and academic support. Another 100 students take Ignitia courses each year through summer school and enrichment programs.
- **Customizable Courses.** ELCA teachers regularly take advantage of Ignitia's ability to tailor courses and build new courses and projects through Ignitia.
- **Bible-based Content.** Affiliated with a local Baptist church, ELCA appreciates Ignitia's Christian foundation and themes.

We like the flexibility of Ignitia.

Students can work at their own pace and track their grades and see instant progress. Teachers can easily build their own online courses and projects, and we appreciate the biblical integration which was missing from our previous online curriculum provider.

— Kelley Niblett, Director of Online Learning
