PLACEMENT TEST for the LIFEPAC CURRICULUM

Bible 200 - 800

Instructions

This test is designed to aid the teacher or parent in proper placement of the student into the LIFEPAC curriculum. It has two sections: the Student Test and the Answer Key. The Answer Key follows the Student Test.

This is not a timed test and the student should be given an opportunity to answer each question adequately. If the student becomes bogged down and the test seems too difficult, skip to the next section. If the test is still too difficult, this child's academic skill level has been reached and testing may stop. Each test level should take no longer than one hour.

Testing should begin approximately two grade levels below the student's current or just completed grade level. For example, a student entering fifth grade [500] should begin testing at the third grade [300] level. (See Below.) Of course, a second or third grader could not test below the second grade level. This allows for proper grade level placement as well as identification of any learning gaps that the student may have.

Once the test has been administered, it is ready to be scored. The teacher or parent does all of the scoring. **Each section has 10 numbered questions. Each numbered question equals one point.** Use the Answer Key to mark all incorrect answers on the Student Test. Next record the total number of **correct** answers in the box beneath the LIFEPAC number in the right hand column. **When all tests have been graded, transfer the number correct by LIFEPAC to the Student Placement Worksheet on the back of the answer keys.** Then add the total number of points per grade level.

Test	Level	Test	Level
201 - 210	Level 2	601 - 610	Level 6
301 - 310	Level 3	701 - 710	Level 7
401 - 410	Level 4	801 - 810	Level 8
501 - 510	Level 5
