I will learn with my ears.
1. YOU HEAR SOUNDS

Wind can whistle
And rustle the leaves.
Water can gurgle
And splash.
A bird can sing
Way up in the trees.
A cricket can chirp
In the grass.

The wail of a siren,
The clink of a spoon,
The jingle or ring
Of a bell,
Can tell you what’s happening
Outside of your room.
They are sounds you know
So well.
Sounds of Nature

Animals make sounds. God gave each animal a sound of its own.

</tr>
<tr>
<td>&quot;Moo-moo,&quot; says the cow.</td>
</tr>
<tr>

Match the animal to its sound.

- tweet
- buzz-zz
- ribbet-ribbet
- squeak-squeak
Sound can tell about the weather.

“Pitter-patter,” says the rain.

“Whoo-oo,” says the wind.

“Crash,” goes the thunder.

“Splish-splash,” say the puddles as you play.
Some weather is quiet.

**Circle the weather you cannot hear.**
