

Ignitia's course customization takes teaching to a new level.

Part of Ignitia's brilliance is its ability to let educators easily enhance online curriculum with custom content that embraces their Christian school's vision.

- Create custom lessons, projects, quizzes, and tests.
- Integrate your content into general, elective, and CTE courses with drag-and-drop ease.
- Enjoy seamless student interaction with custom coursework that looks just like Ignitia.
- Use our exclusive **Teacher Authoring Tool** for even more assessment and customization capabilities, including the ability to embed images and videos to make learning more engaging.
- Enhance your teachers' talents by allowing them to focus on specialized instruction.
