Horizons Preschool

For Three's

Horizons Preschool

For Three's

PREPARE YOUR THREE-YEAR-OLD FOR PRESCHOOL with a program precisely designed to address your child's cognitive development, pre-reading and numeracy skills, language acquisition, and school readiness. An expansion of the Horizons Preschool program, Horizons Preschool for Three's also strengthens children's social, emotional, and spiritual development by leading three-year-olds to know that God made them and gave them great gifts.

Featuring 40 weeks of lessons and activities presented in one student workbook, a workbook companion, a teacher's guide, and a brightly illustrated Bible story reader, Horizons Preschool for Three's gives students practice in language skills, as well as matching, sequencing, counting, and more.

239	Lesson 30 <i>Jesus Walks on the Water, Matthew 14:22–33</i>	319	Lesson 40 <i>The Disciples Preach, Acts 1:12–2:47</i>

PREFACE

The Horizons For Three's Student Workbook Companion contains activities to help the student in skill development. Each Horizons Preschool For Three's lesson includes four worksheets in the *Student Workbook* along with one worksheet on heavier stock that is in this book. Some of the worksheets in this book have an activity that is designed to be repeated by the student throughout the lesson as well as beyond.

The abilities of a three-year-old student will vary greatly. Some will be able to write, trace, and color. Others will not or as they move forward in the course their motor skills will develop. The expectations for what a student is able to do on each of the worksheets should fit their abilities. Some of the matching activities might have to be completed orally or dotted lines can be drawn on the page for the student to trace. Some students will be able to use a pencil but for most a crayon might be best.

The most important thing is to make the learning experience fun and enjoyable.

A New Home

God's people finally arrived at their new home. God had promised that one day they would live in Canaan. The people were excited to see this Promised Land. There were wonderful fruits and vegetables growing in the land. No longer would they live in the desert. However, there were other people living in the land. These people did not love or worship God. The Israelites would have to fight in order to take the land. God would be with His people as they fought their enemies.

Thought Questions:

Moving to a new home can be an exciting and scary experience. Have you ever moved to a new home? Have you ever moved to a different bedroom in your home? What things do you think you would miss if you moved to a new home? The Israelites were worried about moving to a new home. They would have to get used to different types of food. They would have different neighbors. They were also excited. This was the home God had promised them. They would no longer have to live in tents.

Prayer:

Dear Jesus, Thank You for bringing the Israelites to their new home. Thank You for caring for them in the desert. Thank You for giving me a home. Help me to take care of the home You have given me. Amen.

Jesus Feeds 5,000

Great crowds would walk for many miles to hear Jesus speak. Jesus saw that the people were getting hungry. Jesus asked the disciples what food there was to feed the crowd. The disciples said there was very little food and they didn't have enough money to buy any more. One disciple found a boy with five small loaves of bread and two fish. The disciples knew there was not enough food for the 5,000 people in the crowd. Jesus told the disciples to have all the people sit down. He gave thanks and told the people to eat as much as they wanted. Much to the crowd's surprise, there was enough food for everyone. In fact, the disciples collected twelve baskets of leftovers. Jesus used five loaves and two fish to feed 5,000 people and He still had leftovers.

Thought Questions:

Do you see all the people in the picture? They came to hear Jesus. In their excitement, most of them forgot to pack food to eat. Do you see the boy in the picture? He was willing to share his food with others. But how could five loaves and two fish feed all those people? What miracle did Jesus perform? Was there enough food for everyone? There was more than enough food! The disciples collected twelve baskets of leftovers.

Prayer:

Dear Jesus, Bless the food I eat today. Help it to strengthen my body. Thank You for the people who prepare the food for me. Amen.

LESSON 10

WORKSHEETS 46-49

Bible Story: A New Home, Joshua 1-4

LESSON 10
WORKSHEET 46

NAME _____

Trace the word train with your finger. Color the train.

train

NAME _____

LESSON 10
WORKSHEET 47

Trace the number 5. Trace the word five with your finger. Count the number of engines. Color the number 5.

five

Match the socks that belong together.

LESSON 29

WORKSHEETS 141-144

Bible Story: Jesus Feeds 5,000, John 6:1-14

NAME _____

Letter O

Trace the letters Oo with your finger. Color the ostrich.

Trace five big letter **O's**.

Trace five small letter **o's**.

Find the five loaves of bread and two fish in the picture.

Cut out the cards below. Play a memory game where the student matches numbers to objects of the same number.

1

2

3

4

5

Cut out the ovals and have the student correctly arrange them to make a rabbit as shown in the box below.

Other Horizons Subjects

Preschool

Study the world with your child from the viewpoint of the Creator. Materials are written following a verse-by-verse explanation, and the academic subjects are applied as the Bible discusses them.

Preschoolers gain a unique perspective of the world and learn that God is the beginning of all things.

Math

–Grades K–8

Move your child from basic math skills to complicated concepts with eye-catching workbooks. Engaging, fast-paced lessons are easy to teach and fun to learn and include analytical reasoning, memorization, and drill. Hands-on activities and periodic reviews build confidence and ensure student retention, making this spiral-based math program a favorite of both students and parents.

Penmanship

–Grades 1–5

Teach the fundamentals of proper penmanship to your child while he practices spelling, vocabulary, and writing. Children learn the mechanics of penmanship like letter formation, spacing, capitalization, punctuation, and pencil grip. As the

program progresses, students transition from print or manuscript writing to cursive writing.

Spelling & Vocabulary

–Grades 1–3

Increase your child's personal vocabulary with this phonics-based approach to learning spelling words. Colorful workbooks and student dictionaries help children learn to recognize and spell new words. A variety of activities, puzzles, and lesson formats

provide fun-filled practice of spelling concepts.

Phonics & Reading

–Grades 1–3

Horizons Phonics & Reading is a phonetic-based word recognition and early reading program. Using creative, colorful readers and a variety of fun activities, students learn to identify the name and sounds of letters through picture associations from sequential alphabet stories. As students move through the program, they develop important comprehension and language arts skills that help them decode new words and become strong readers.

Horizons Electives

–Grades PreK–12

Choose from two Horizons electives, Health and Physical Education. In Health, children in grades K-8 study the power and importance of the human body while learning practical skills and information based on a Christian perspective. In Physical Education, students in Preschool to 12th grade develop motor skills, flexibility, and athleticism as they cultivate positive teamwork skills with others.
