INSTRUCTIONS FOR FIRST GRADE BIBLE

The first grade Teacher's Guides of the LIFEPAC curriculum are designed to provide a step-by-step procedure that will help the teacher prepare for and present each lesson effectively. In the early LIFEPACs, the teacher should read the directions and any other sentences to the children. However, as the school year progresses, the student should be encouraged to begin reading and following his own instructional material in preparation for the independent study approach that begins at the second grade level.

This section of the Teacher's Guide includes the following teacher aids:

- 1) Teacher Instruction Pages
- 2) Cumulative Word List
- 3) Cumulative Memory Verse List

The Teacher Instruction Pages list the Concept to be taught as well as Student Objectives and Goals for the Teacher. The Teaching Page contains directions for teaching that page. The Activities section at the end of each lesson is optional and may be used to reinforce or expand the concepts taught.

Materials needed are usually items such as pencils and crayons which are readily available. Additional items that may be required

are writing tablets or any lined paper, alphabet cards, color and number charts, and flashcards for vocabulary words.

The Cumulative Word List is made up of words introduced at least once in one of the ten subject LIFEPACs. An asterisk (*) following a word indicates a direction-word that the children will need to know by sight to complete the work independently. Sight words are words that either are needed before their phonetic presentation or do not follow the standard phonetic rules. These words need to be learned through memorization and children should be drilled on them frequently. The drill may be done by use of a chart posted in a prominent place, by word card drills, or by word recognition or meaning games. Some words on the Cumulative Word List are not expected to be part of the student's reading vocabulary but part of his speaking vocabulary for better understanding of subject content.

A Cumulative List of Memory Verses is included in the back of this guide. This can be duplicated and kept for easy reference as the students work on learning the verses.
